HURTIGRUTEN 2019/2020

Welcome to Norway—and Hurtigruten!

© RUNE KONGSRO

Mention 'Hurtigruten' to most Norwegians and they'll know exactly what you're talking about. We've been sailing Norway's stunning western coastline for over 125 years. Many of the dozens of ports we call on daily still consider us their main connection to the outside world. While literally part of the daily lives of many coastal inhabitants, we are to most Norwegians symbolic of the country's maritime heritage, astounding natural beauty, and national character: independent, reliable, proud, and resilient. The Norwegian coast is who we are—in addition to our growing

number of coastal and polar destinations around the world.

Hurtigruten is synonymous with magnificent fjords, the midnight sun, and the northern lights. With good reason! Imagine standing on deck watching the aurora borealis glimmer above in a star-riddled sky, sailing still waters within nearly touching distance of a sheer 3,000-foot-high mountainside, or experiencing perpetual daylight and a never-setting sun above the polar circle. We're so proud that Lonely Planet describes us as "the world's most beautiful sea voyage."

Coming from a part of the world extensively blessed with pristine nature, pure

water, and clean air, we value what we have and want to keep it that way. Therefore, sustainable practices are prevalent throughout our operations. We can honestly say that Hurtigruten cruises make a minimal impact on nature. We contribute to the preservation of the areas and waters in which we sail, and give back to the local communities we visit.

When you sail with Hurtigruten, you don't just observe the landscapes we sail past—you get the chance to interact with nature and learn about Norway's culture and history. On our cruises, you can choose from more than 90 excursions, taking part in hikes, small-boat trips, dog-sled rides, and many

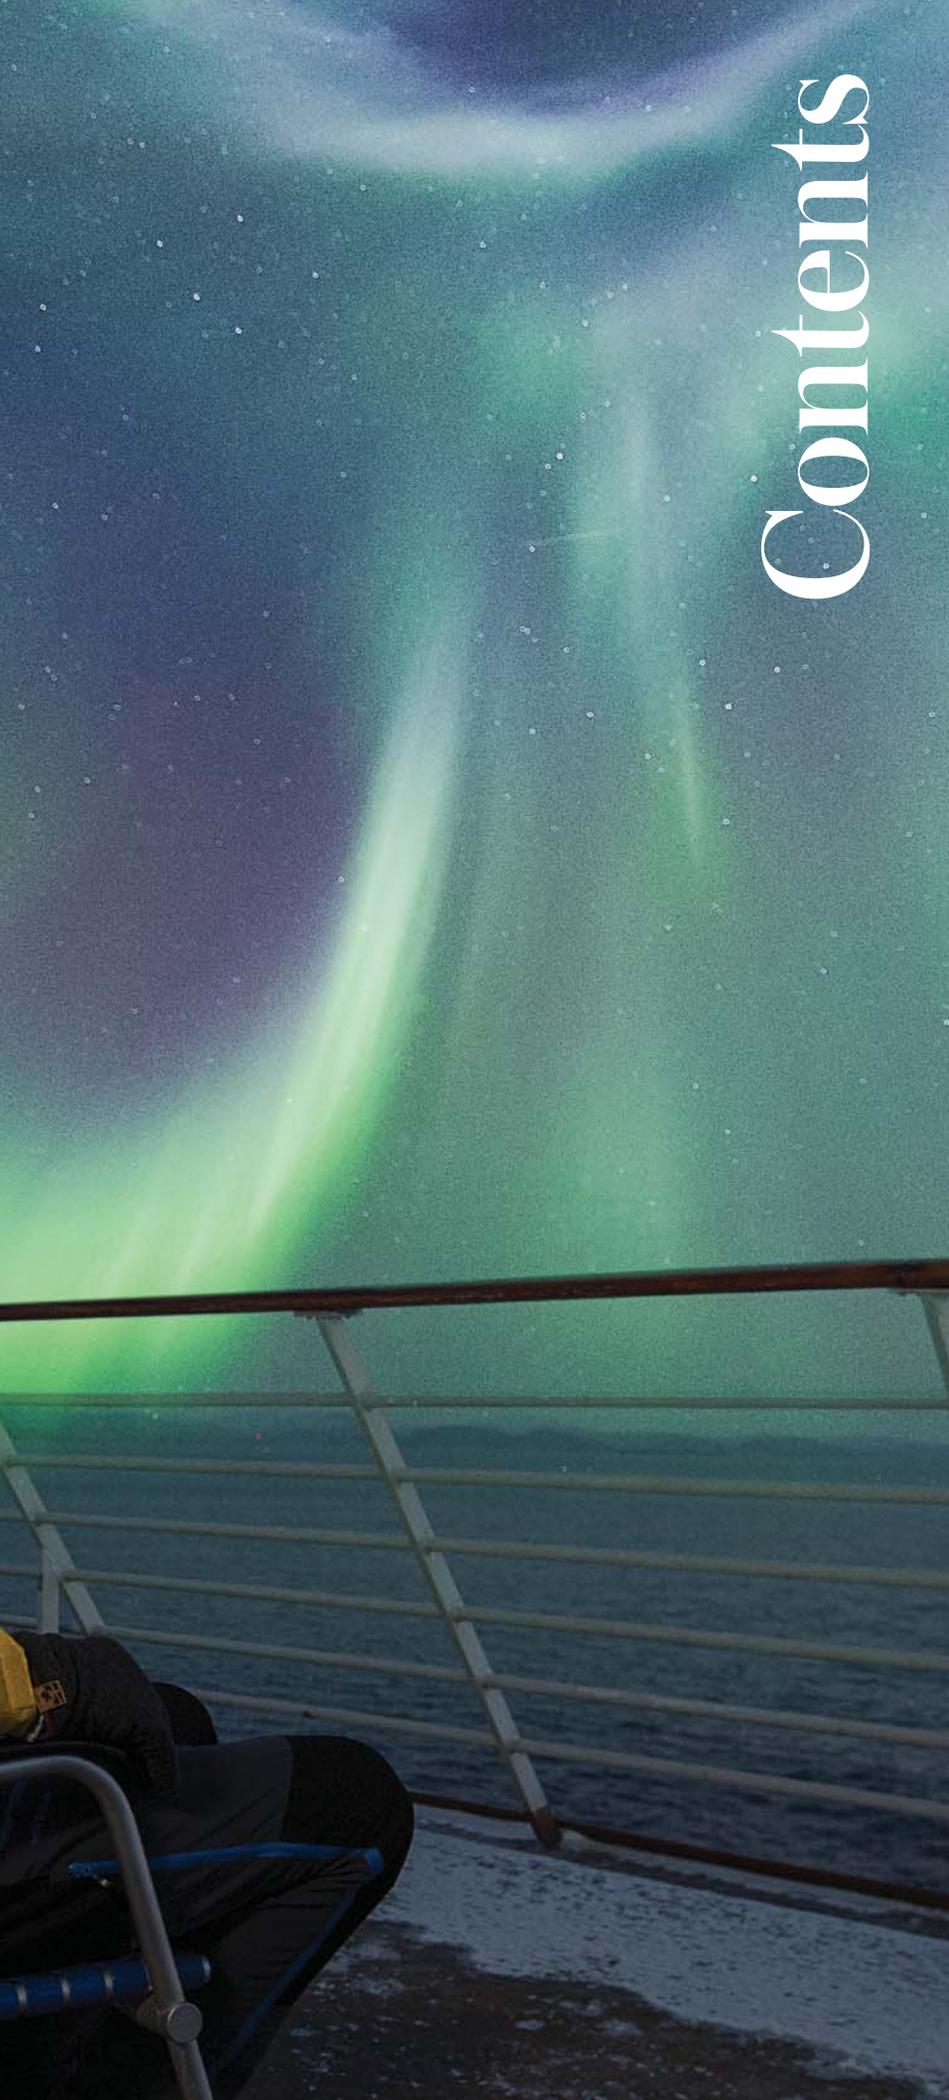

other exciting, authentic activities led by our onboard expedition teams. And after full days of exploration—or simply relaxing on board—enjoy outstanding regional specialties from 'Norway's Coastal Kitchen,' prepared from fresh local produce delivered right to the ship.

On this experience of a lifetime, get closer to authentic coastal Norway and its people, landscapes, culture, and wildlife.

Welcome aboard!

Norway

ONE OF THE MOST BEAUTIFUL PLACES ON EARTH

Stunning nature and happy people in the north

Norway is a land characterized by magical mountains, deep fjords, endless lakes, huge glaciers, and stunning rock formations. It's home to more natural wonders than you can count, and it has sophisticated cities and a fascinating history.

It's also one of the best places in the world to see the northern lights in winter and the midnight sun in summer; no wonder Norway always ranks high in the annual World Happiness Report. Being one of Europe's most

beautiful countries certainly helps! The Norwegians are also the most cheerful people, according to the same report. And they love being outdoors!

Even *more* stunning light ...

The aurora borealis, also known as the northern lights, is undoubtedly a major reason to visit Norway. The best chance to spot them is between fall and winter (October through March). The farther north you go, and the further you travel away from cities, the better your view will be. In summer, Norway becomes the land of perpetual daylight. The midnight sun—24 hours of visible sun—occurs during summer above the Arctic Circle. Not only is the midnight sun an incredible sight, it leaves more hours in the day for discovering.

and a *breathtakingly beautiful* coastline

Norway has the second-longest coastline in the world, and the longest in Europe. It is more than 1,000 pristine miles long and regarded as Norway's most remarkable feature. The fjords, islands, fishing villages, and ice-covered landscapes up north add to the beauty of the coastline. There are, of course, some very interesting big cities, but the most

exciting gems are found in the remote and rural districts. Norway has endless colorful, charming, atmospheric coastal towns with authentic culture, creative food scenes, and small fishermen's cottages. Norwegians are also known for their active outdoor lifestyle of skiing, kayaking, and hiking. They call their love of being outdoors 'friluftsliv.'

— When you ask people what to see or do in Norway, they answer, “See the coast.” This is where Hurtigruten comes in.

Hurtigruten offers an iconic coastal cruise that has sailed the Norwegian coastline for over 125 years.

With daily departures, our ships travel serenely through majestic fjords. We call on 34 ports, both cities and small towns, and places most vessels are unable to reach. Most of our crew members come from these small

coastal towns and grew up with Hurtigruten as a part of their everyday life. This is why we can sincerely say that when you want an authentic and full Norwegian coast experience, Hurtigruten is the company to cruise with!

Meet the *experts*

Our expedition teams are on our ships to enhance your Norway experience. Enjoy learning more about biology, history, geology, and culture in an entertaining and informal way. They are not only coastal experts, they are your onboard and

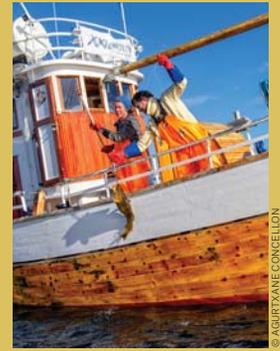

onshore hosts throughout the journey. They present lectures on a new main theme every day—and, even better, all onboard activities with the expedition team are included in the cruise price.

We take you *closer*

Sailing with Hurtigruten, you can participate in more than 90 excursions, offered by local experts, throughout the year. This is when the true variety of the Norwegian landscape, history, and culture reveals itself. Enjoy authentic encounters with Norwegian traditions and culture, or discover Norway's beautiful wildlife, nature, and coastal highlights. If you want an adrenaline rush, join in on action-packed adventures on land or at sea. Each season brings with it the opportunity to participate in new excursions.

Our ships are uniquely designed to explore the Norwegian coastline in the most comfortable way. Whether you sail with us during the coastline's springtime reawakening, enjoy a summer cruise when possibilities seem endless, see the amazing colors of autumn, or join us during winter for the soul-stirring spectacle of the northern lights, these activities and excursions are an exhilarating way to get close to nature—and to authentic Norway.

Fresh, tasty, local, and sustainable

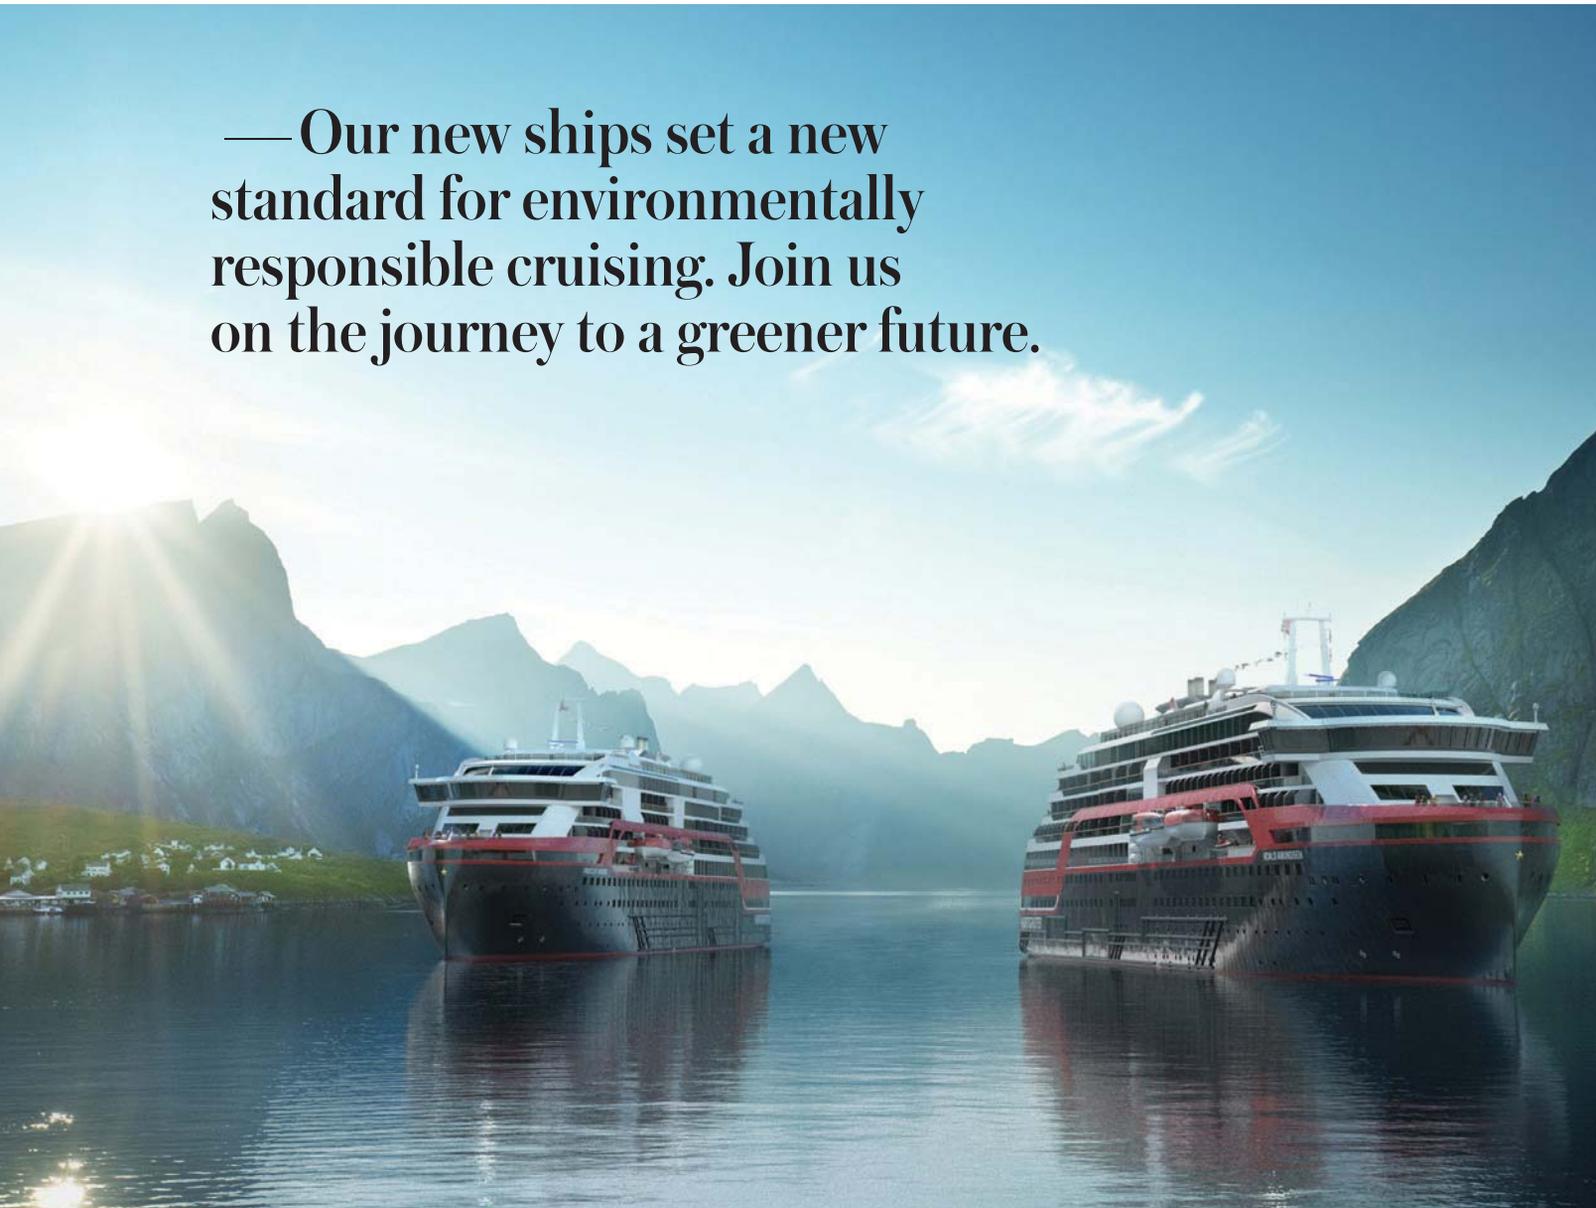

Visiting 34 ports along Norway's coast provides the perfect opportunity to source fresh produce from local suppliers every few hours and certainly every day. A commitment to fresh food runs throughout the fleet and beyond the itinerary, focusing on locally produced ingredients with minimal food miles. Fresh, local food is not only a treat for your taste buds, it also enhances the travel experience, generates positive ripple effects in the local communities, and inspires great stories about the places we visit.

PUSHING BOUNDARIES SINCE THE BEGINNING

— Our new ships set a new standard for environmentally responsible cruising. Join us on the journey to a greener future.

We're proud of our rich history

In 1893, Captain Richard With started a regularly scheduled service along the coast of Norway—and Hurtigruten was born. The service had several weekly departures, first from Trondheim to Hammerfest, and later from Bergen to Kirkenes—in only seven days! No wonder this important coastal connection was called 'Hurtigruten' (The Fast Route). Today, over 125 years later, our ships call at 34 ports along the Norwegian coast daily, all year-round. We also take guests to polar destinations such as Antarctica, Greenland, Svalbard, Iceland, and the Northwest Passage.

Trading locally

It is important for us to contribute to and leave a positive impression on the local communities we visit. By trading locally and sourcing services such as food and excursions from local suppliers, we contribute to the livelihood and welfare of these coastal towns. We value our cooperation with the local communities, who in turn welcome our guests visiting the Norwegian coast. By operating ethically and helping to sustain the waters we sail, we not only contribute to the collective prosperity, but help form the very lifeblood of thriving coastal societies. For our guests, this means they will be served fresh, delicious food every day, and when joining excursions, they'll enjoy authentic experiences.

Hurtigruten and the environment

Being the world leader in exploration travel comes with great responsibility. Sustainability is at the core of every part of our operation and experience. For example, Hurtigruten is advocating a ban on heavy fuel oil and stricter regulations on pristine destinations. We support research and fight pollution, and fund local and global projects through the Hurtigruten Foundation. We aim to educate guests and cultivate global ambassadors on every cruise.

Setting a new standard

Our new ships, MS Roald Amundsen (launching in 2019) and MS Fridtjof Nansen (launching in 2020), will be the world's first hybrid electric-powered cruise ships, reducing fuel emissions by 20% and custom-built to explore some of the most spectacular areas of our planet. And by 2021, nine of our coastal Norway ships will run on LNG (liquefied natural gas) and battery power—creating the greenest fleet in the entire cruise industry. We are setting a new standard for environmentally conscious adventure travel, and you can be a part of it!

© OBIAN BERTELSEN

War on plastic

By summer of 2018, we will be the first cruise line in the world to ban all unnecessary single-use plastic. Everything from straws to drinking glasses and plastic bags will be removed or replaced by environmentally friendly alternatives made of paper and other biodegradable and sustainable alternatives.

SAFE AND ENVIRONMENTALLY RESPONSIBLE TOURISM

Hurtigruten takes an active and leading role as a member of several organizations that promote safe and environmentally responsible tourism. We work in cooperation with the following organizations:

EACH SEASON IS UNIQUE, DYNAMIC, AND BEAUTIFUL

—Some say you haven't really seen Norway's coast until you've experienced all four seasons. Our onboard activities, restaurant menus, shore excursions, and even the waters we sail change according to the season in which we are sailing. Each season offers new opportunities to experience the stunning Norwegian coast.

SEPTEMBER - OCTOBER

Experience coastal Norway at its most naturally colorful, when mountainsides, hilltops, and valleys explode into dazzling reds, yellows, and oranges. Cloudberries are an autumn delicacy, and you will have the opportunity to taste them on board.

SERENE SAILING

The summer crowds dissipate, allowing you more leisurely time to take in the sights, and enjoy the slower pace of life and the spectacular scenery passing by.

Autumn

REMARKABLY COLORFUL

— Autumn is known as the season of color. In September and October, brilliant reds, yellows, and oranges dominate the mountainsides, hilltops, and forests.

WHAT TO PACK

There's no escaping the weather in Norway. The temperature and weather conditions may change relatively quickly. Make sure to pack warm clothes—a wind- and waterproof jacket and pants, a wool sweater, a hat, and gloves—and light hiking boots.

© SHUTTERSTOCK

Astonishingly blue skies contrast with the highest peaks, white with the season's first snowfalls. The days grow shorter, the nights longer, and with a little luck, you'll see the magical northern lights.

Laid back and leisurely
Fall is a more tranquil time to travel with Hurtigruten. The summer crowds disappear, and you get more time to savor the clear air, the slower pace of life,

and the spectacular scenery passing by. Many of our guests rate autumn as their favorite season to sail.

Untouched fjords
During autumn we make a detour into Hjørundfjord on the northbound route, and enter the narrow passage into surreal Trollfjord on both the northbound and southbound journeys.

Harvest time
The Norwegian word for autumn, 'høst', means harvest, which also means it's top foodie season at Hurtigruten. Our kitchens serve a great selection of fresh, locally sourced ingredients, delivered directly to the ships. Fresh, local food enhances the travel experience. It generates positive ripple effects in the local communities and inspires great stories about the places we visit.

Sail away
Autumn is a wonderful time to visit Norway. If you have always wanted to see the Norwegian coastline, the fabled fjords, and the legendary northern lights, Hurtigruten's autumn sailings are the perfect opportunity.

—Hurtigruten's
northbound
journey from
Bergen to
Kirkenes is
rich in cultural
exploration.

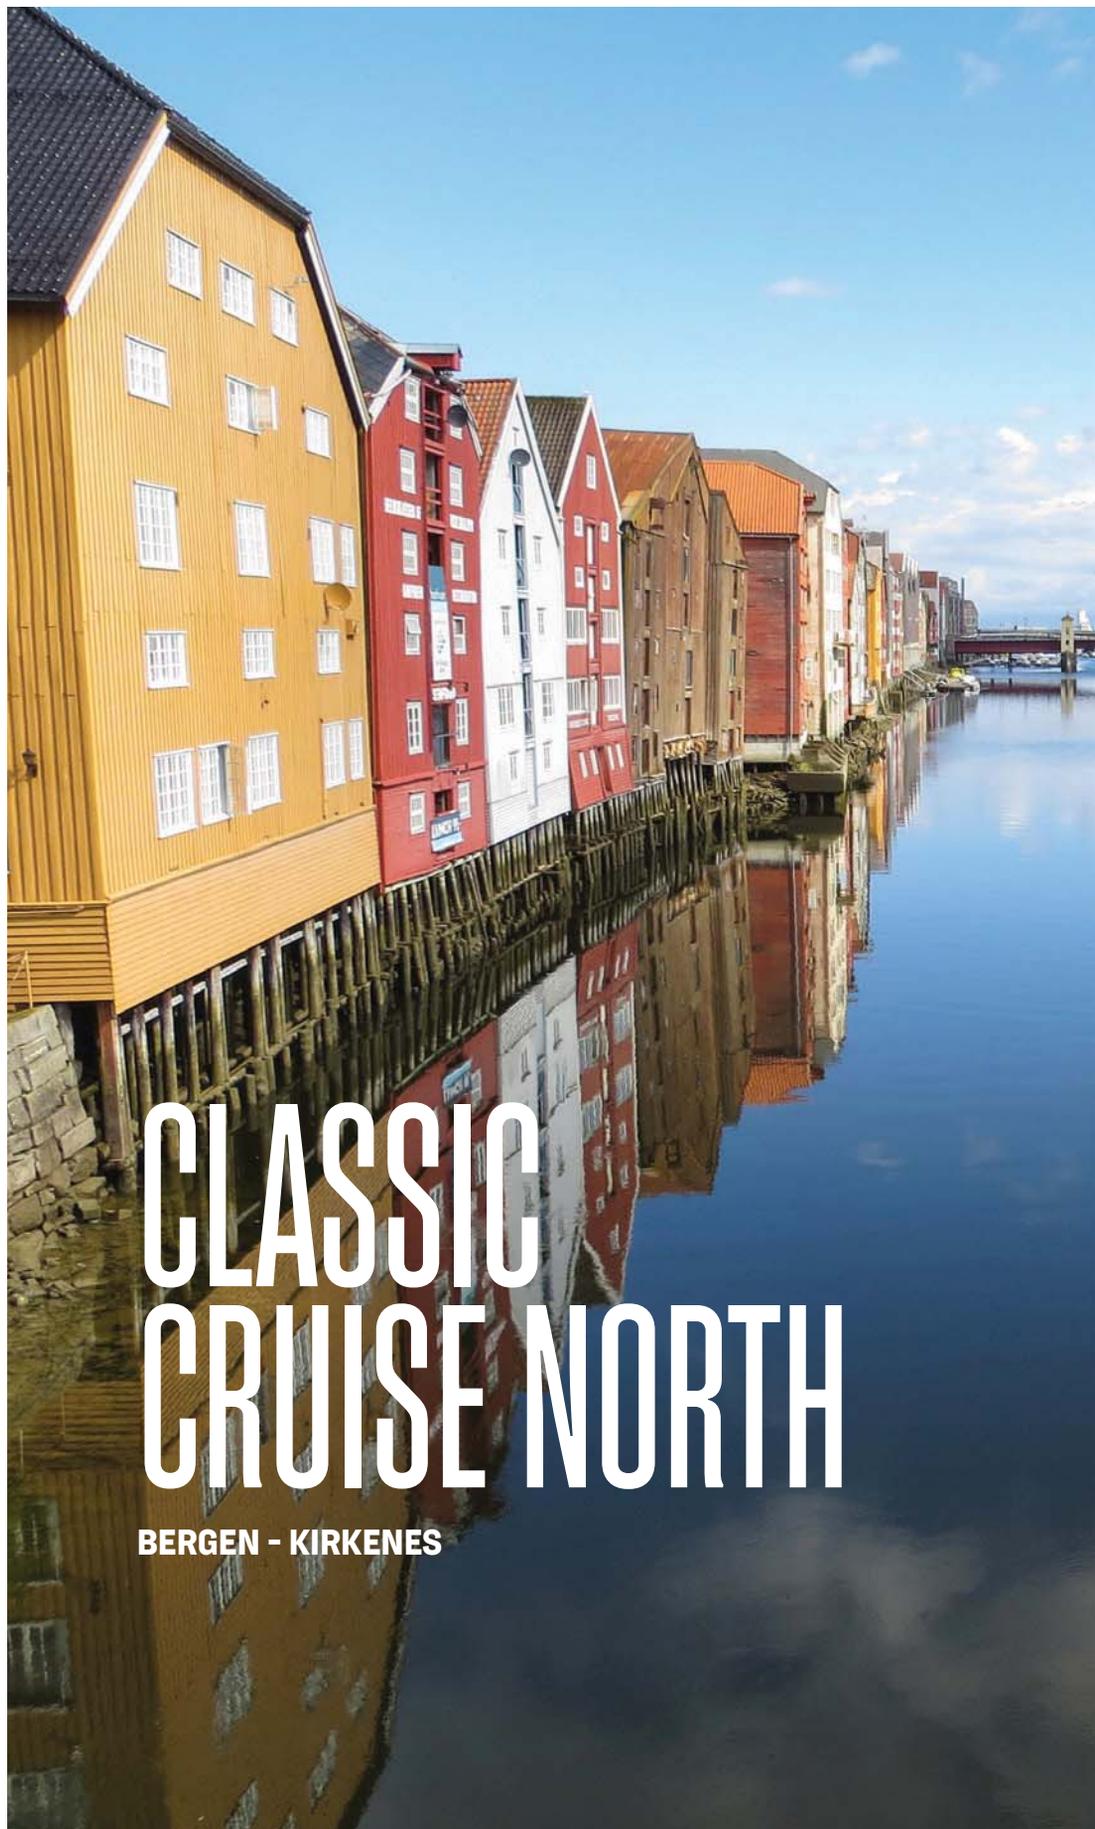

Visit major coastal cities and tiny remote villages, traveling far beyond the Arctic Circle. Join us on a unique northern adventure to explore deep fjords and rugged coastlines and come face-to-face with magnificent natural wonders on exciting excursions. Enjoy the ambiance and culture of cities such as Bergen, Ålesund, Trondheim, and Tromsø—all brimming with history and charm. Experience one spectacular landscape after another on this unforgettable seven-day cruise.

See even more of Norway

Add even more adventure to your trip by joining our exciting, optional sea- and land-based excursions. Join the Art Nouveau walk in Ålesund, visit a shieling (a pasture in the mountains) along Hjørundfjord, see the Svartisen glacier, experience a Lofotr Viking feast, or take an excursion to breathtaking North Cape. You can also go dog sledding in the Arctic, visit the Sámi people, and enjoy a riverboat cruise to the Russian border.

Why choose the Classic Cruise North?

If you love fjords, architecture, and history—you're in for a treat!

During the summer and autumn seasons, we sail, respectively, into the Geirangerfjord and Hjørundfjord. You can also visit the wooden UNESCO-listed Bryggen wharfs in Bergen, discover Art Nouveau architecture in Ålesund, marvel at the medieval town of Trondheim, and admire the new harborside cultural venue, Stormen, in Bodø.

You can also visit a reconstructed Viking farm in Lofoten (an optional excursion), explore the Arctic capital of Tromsø, and take a stroll and see the colorful houses in Honningsvåg before ending your voyage in the Russian-influenced town of Kirkenes.

At journey's end, you will have seen small hamlets with fewer than 200 inhabitants, along with big cities buzzing with life. This is a truly diverse voyage along Norway's incredible coastline.

FACTS & FIGURES

On this page you will find relevant information about Hurtigruten's journey up and down the Norwegian coastline, including the populations of the ports we visit, the amount of time we spend in the ports, the number of excursions offered, coastal highlights, and more.

LYNGENFJORD (spring)
This 51-mile-long fjord is framed by the magnificent Lyngen Alps and offers a spectacular and varying landscape. Sail with us in April and May (southbound) to experience this fjord.

VESTERÅLEN
An archipelago characterized by contrasts, from white-sand beaches and idyllic farmland to mountain peaks rising from the sea.

HURTIGRUTEN MUSEUM
Take a walk through the over-125-year long history of Hurtigruten: from mail delivery and stateroom replicas to loading and unloading, safety, and navigation.

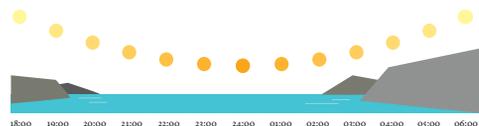

RISØYRENNÅ
An inland canal through the Vesterålen area, made especially for Hurtigruten's ships. It is 23 feet deep and inaccessible to larger vessels.

LOFOTEN
A rare wilderness outpost that offers a unique landscape of majestic mountains, deep fjords, and long, surf-swept beaches.

TROLLFJORD
A narrow fjord bordered by steep-sided mountains. The white-tailed sea eagle is one of the main attractions in the area.

ARCTIC CIRCLE
On Hurtigruten cruises, we celebrate crossing the Arctic Circle (both on the northbound and southbound journeys) with such rites as whistle signals and symbolic on-deck baptisms.

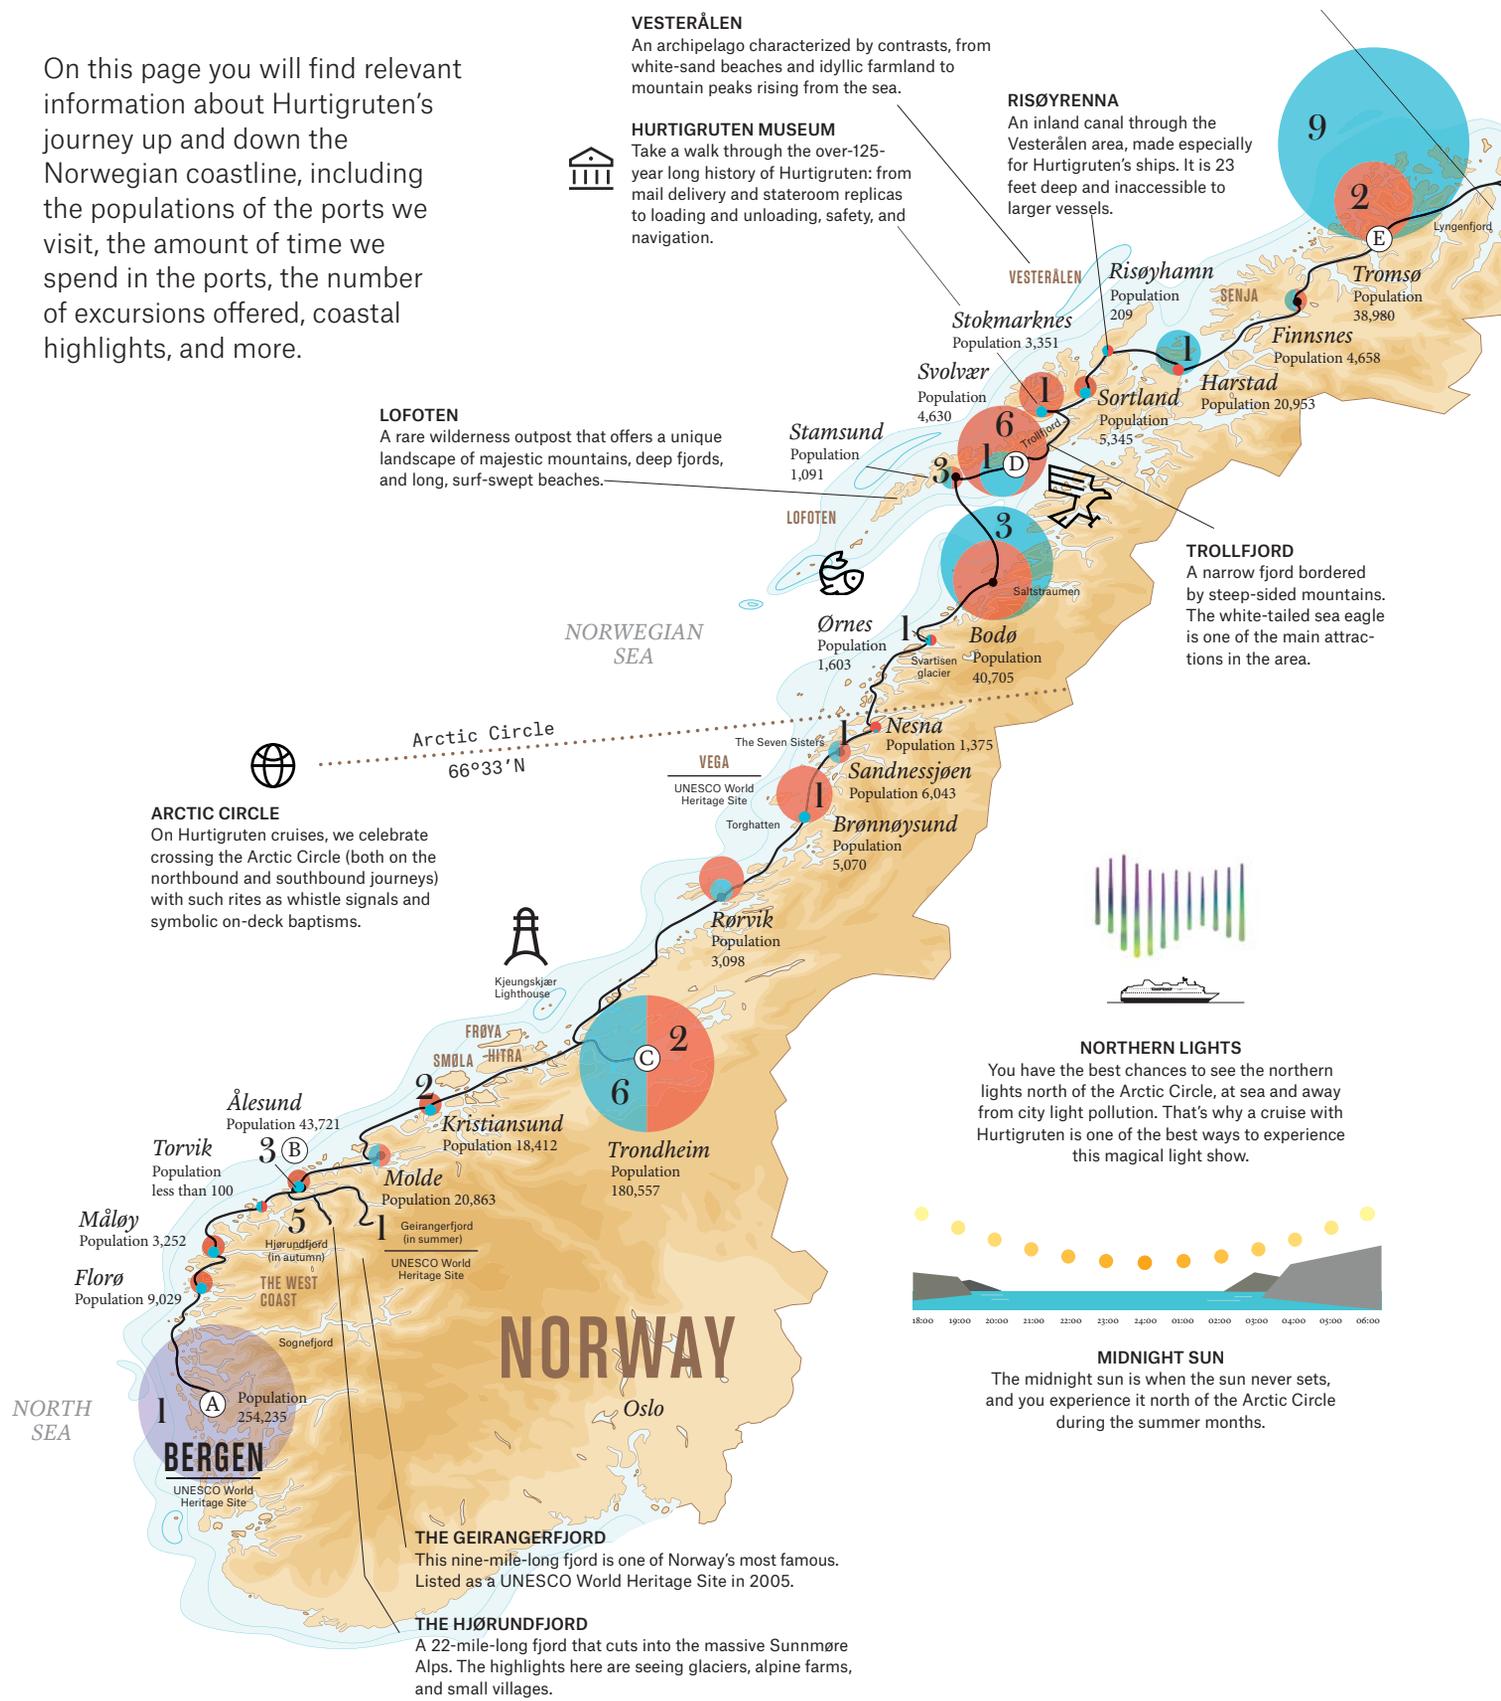

NORTHERN LIGHTS
You have the best chances to see the northern lights north of the Arctic Circle, at sea and away from city light pollution. That's why a cruise with Hurtigruten is one of the best ways to experience this magical light show.

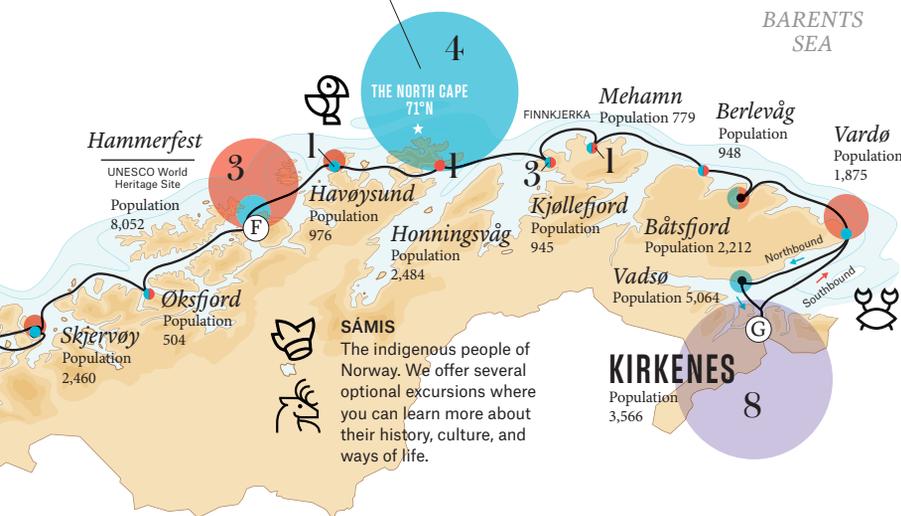

MIDNIGHT SUN
The midnight sun is when the sun never sets, and you experience it north of the Arctic Circle during the summer months.

THE GEIRANGERFJORD
This nine-mile-long fjord is one of Norway's most famous. Listed as a UNESCO World Heritage Site in 2005.

THE HJØRUNDFJORD
A 22-mile-long fjord that cuts into the massive Sunnmøre Alps. The highlights here are seeing glaciers, alpine farms, and small villages.

THE NORTH CAPE
The steep cliff of North Cape is located at 71°10'21"N, 25°47'04"E—about 1,306 miles from the North Pole.

BARENTS SEA

SÁMIS
The indigenous people of Norway. We offer several optional excursions where you can learn more about their history, culture, and ways of life.

Highlighted ports

(A)

BERGEN

Charming city and starting point for the Hurtigruten cruise. Known as the "Gateway to the Fjords," it is famous for its UNESCO-listed Bryggen wharves.

(B)

ÅLESUND

Coastal town known for its Art Nouveau architecture. The city sits atop a group of small islands, and has scenic views of the archipelago and the Atlantic Ocean.

(C)

TRONDHEIM

Norway's third-largest city and former capital. Known for its old wooden warehouses along the River Nid, the Baklandet area, and the majestic Nidaros Cathedral, built from 1070 to 1300.

(D)

SVOLVÆR

Known as the capital of Lofoten. The greatest cod fishing in the world takes place in Lofoten's waters every year between January and April.

(E)

TROMSØ

Tromsø is located 217 miles north of the Arctic Circle and is the largest city in Northern Norway. It is an ideal place to see the northern lights in winter.

(F)

HAMMERFEST

Hammerfest is an urban surprise in a barren landscape. Its Meridian Column is on the UNESCO World Heritage list.

(G)

KIRKENES

Kirkenes is located in northeast Northern Norway, close to the Russian border. Hurtigruten's northerly turning point.

Wildlife

PUFFINS

Keen birdwatchers flock to Norway every year to catch a glimpse of the comical puffin, the clown of the sea. On our bird-watching safari (an optional excursion) to Gjestværstappan, you can see puffins, skuas, razorbills, gannets, white-tailed eagles, and kittiwakes.

SEA EAGLES

The white-tailed eagle is the largest bird

of prey in Norway. On deck, fairly close encounters between man and eagle are not uncommon as we sail through the bird's natural habitat. We also offer a sea eagle safari (an optional excursion) to take a closer look at this magnificent bird.

REINDEER

The reindeer, also known as caribou, is a species of deer living in the Northern Hemisphere. Both males and females have antlers that grow every year. The world's highest concentration

of reindeer held as livestock is on the Finnmark plateau, where the Sámi people have been moving their herds back and forth from inland to the coast for centuries.

KING CRABS

The red king crab is a delicacy. It can weigh up to 18 pounds and measure as wide as 9 inches across its shield. It lives at depths of between 15 and 1,315 feet, depending on the season. We often serve king crab on board, and we also offer a king

crab fishing optional excursion.

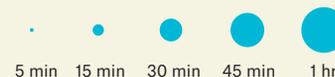

SKREI

The word is derived from Old Norse for 'the wanderer,' a very precise description of the cod fish returning to the Norwegian coast after spending years roaming the Barents Sea. The water conditions around the Lofoten archipelago are particularly suitable for spawning, and attract skrei by the millions every winter between January and March.

UNESCO SITES

The UNESCO World Heritage List includes cultural and natural heritage sites that are considered to have 'Outstanding Universal Value,' and worthy of protection for future generations.

The UNESCO sites you can see during the cruise are:

1. Bryggen in Bergen
2. Geirangerfjord
3. Vega Islands
4. The Meridian Column in Hammerfest

POPULATION

Norway's total population is 5,302,778. All population numbers on this page are from the official Norwegian agency Statistics Norway as of April 1, 2018.

Please note: The information found on these pages applies to the summer season only, except the excursions. There are some differences between the seasons.

THE CRUISE DAY BY DAY

—Hurtigruten provides an authentic and unique travel experience.

Hurtigruten has been a part of Norway's waterways since 1893. Each departure is a purposeful voyage that provides a lifeline to coastal communities, while exploring amazing fjords, visiting UNESCO World Heritage sites, and enjoying wildlife and nature along more than 1,000 miles of pristine coastline. One of our ships departs Bergen each and every day of the year, on a journey considered the world's most beautiful sea voyage.

On the following pages you will find day-to-day descriptions of what you can see and do on a Hurtigruten voyage along Norway's stunning coast.

Gateway to the fjords

BRYGGEN IN BERGEN © SHUTTERSTOCK

— Bergen is a thrilling start to your epic Norwegian coastal adventure with Hurtigruten.

Explore Bergen *before* your Hurtigruten voyage

Before your cruise, explore one of Norway's most beautiful and distinctive cities. Take the Fløibanen funicular to the top of Mt. Fløyen; few cities in the world can boast a cityscape nestled between seven mountains and the sea. Discover the reconstructed Fantoft Stave Church, which features ancient

architecture and combines Pagan and Christian elements. And visit Bergen's famous, lively fish market, brimming with a fascinating variety of fish and crustaceans from Norwegian waters. Fisherman offloading their catch; the kaleidoscope of colors; and the salty fragrance of the sea create an exhilarating atmosphere.

FLØIBANEN FUNICULAR © SHUTTERSTOCK

A look back in history

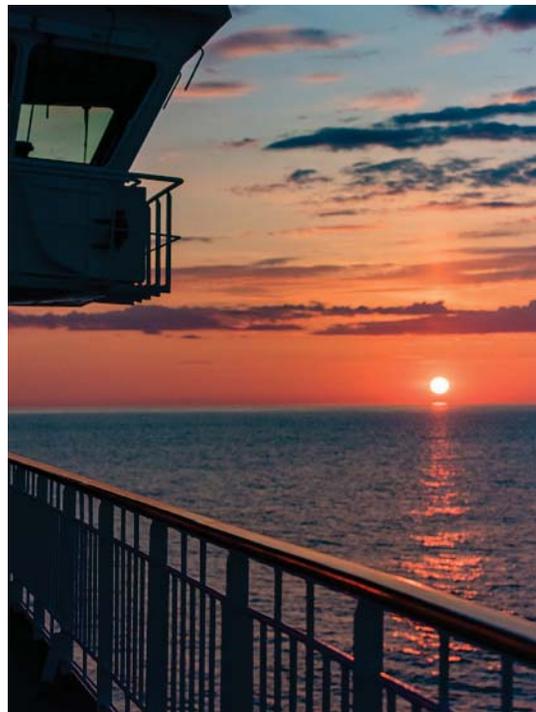

Bergen (historically 'Bjørgvin,' meaning 'the green meadow among the mountains') was founded in 1070 A.D. by King Olav Kyrre. From the end of the 13th century, Bergen became a port city in the Hanseatic League. The city's historic UNESCO-listed Bryggen district, with its colorful wharfs, dates back to this time, and we recommend you take some time to stroll amid the charming wooden houses and narrow alleys before embarkation.

Spoil your taste buds

After embarkation, explore your home for the next few days. Get to know your way around the ship and unpack in your comfortable cabin. Then you are invited to enjoy our tasty Norway's Coastal Kitchen dinner buffet, prepared with fresh, local produce, and all the best ingredients from the Norwegian coast.

A peaceful evening

Spend the rest of the evening relaxing as you take in the spectacular landscapes we sail by, either from on deck or a panorama lounge. We cruise north from Bergen along the Hjeltefjord, heading to the High North. When we reach the Hellisøy Lighthouse, the first day of your journey is over, but you have many more exciting days at sea ahead.

DAY 1

BERGEN

Northbound

TIME IN PORT

Bergen 2:30 – 8:00 p.m.

See the full sailing schedule for time in ports for all seasons.

WHAT TO SEE

Before departure, you may wish to explore Bergen, Norway's cultural gateway to the fjords. Wander around this charming and compact city, spend some time in one of many outdoor cafés and restaurants, enjoy a trip on the Fløibanen funicular, or visit the fish market.

FANTOFT STAVE CHURCH © ADOBESTOCK

— We continue north to Ålesund, a beautiful town filled with perfect examples of Art Nouveau architecture.

PUFFIN © SHUTTERSTOCK

Mountains, fjords, and birdlife

If you wake up early the next day, you'll have the opportunity to see Hornelen Mountain, where witches are said to dance every Christmas

Eve and Midsummer Night. Then enjoy the breathtaking beauty of Nordfjord. Close to our port of call, Torvik, you'll see the island of Runde, known for its teeming birdlife of more than 500,000 birds.

Architectural and natural masterpieces

GEIRANGERFJORD © AGURTXANE CONCELLON

Visit Geirangerfjord from June through August

The deep blue Geirangerfjord is surrounded by majestic mountain peaks; wild waterfalls; and lush, green vegetation. On summer cruises, we make a detour into this amazing fjord and witness its many impressive waterfalls with thundering cascades spilling from virtually vertical mountainsides. Geirangerfjord is a protected UNESCO site, due to the way farmers live and work on its incredibly steep mountainsides.

GEIRANGERFJORD © PER EIDE/VISITNORWAY.COM

Visit Hjørundfjord in September and October

In autumn we explore beautiful Hjørundfjord. Its seclusion and unspoiled natural landscape give this fjord its special character.

HJØRUNDFJORD © J.D. GJELSVIK

Norway's most decorative city

The ship navigates through skerries and islands before reaching the Art Nouveau city of Ålesund, which is distinguished by its numerous spires, towers, and highly detailed architectural ornamentation. Go ashore and explore the city on your own, or join one of the excursions we offer here.

ÅLESUND © HELMUT HARTUNG

Continuing north

Sailing from Ålesund, we pass genuine Viking territory to the west, including Giske Island, which was once ruled by great chieftains. The Vikings were introduced to Christianity on their travels, and the marble church on Giske is evidence of its early adoption in Norway. Next, we drop anchor in the 'Rose City of Norway,' Molde. The view out over the wide Romsdalsfjord and 87 snow-clad peaks of the distant Romsdalsalpane mountain range has made the town famous. In the evening, the Kvitholmen Lighthouse can be seen to the west, and the impressive Atlantic Road to the east.

DAY 2

NIDAROS CATHEDRAL © THELMA FENDLER

Magical and medieval Nidaros Cathedral was built over the burial site of St. Olav, the King of Norway in the 11th century, who became the patron saint of the nation after his death at the Battle of Stiklestad (a bit north of Trondheim) in 1030. It became one of Europe's most important pilgrimage destinations, with Christian pilgrims coming from far and wide to be physically and spiritually restored. One of Northern Europe's greatest Gothic monuments, you will marvel at

the medieval structure's incredible architectural details and exquisite works of art.

Explore *Trondheim*

Few large cities have managed to preserve their intimate surroundings as effectively as Norway's third largest city, Trondheim. Viking King Olav Trygvason founded this ancient city as early as 997 and called it 'Nidaros.' While you are here, be sure to stroll across Gamle Bybro (the Old Town Bridge), which dates back to 1861, and see the charming, restored wooden buildings of the Bakklandet district. You have plenty of time to explore the city on your own, or with one of our many excursions.

HENNINGSVÆR © RENATE DODELL

— If you're an early bird, be out on deck around 7:00 a.m., when we cross the Arctic Circle!

Arctic Circle

The Arctic Circle is the invisible boundary that circles the Earth at 66°33'N, marking the southernmost point at which the midnight sun shines 24 hours a day on the summer solstice. In winter, you have a much better chance to experience the northern lights above this latitude. As we pass the small island of Vikingen, you will see a globe monument marking the Arctic Circle. The crew will make

sure the occasion is memorable with an Arctic Circle ceremony on deck later in the day.

Forces of nature

Before we reach Ørnes, you might see Norway's second-largest glacier, Svartisen, lighting up the land to the east. The view across the 30-mile-long Saltfjorden, just south of Bodø, is magnificent. Here, the famous Saltstraumen tidal current flows through a 500-foot-wide strait

spanned by a bridge. It is said to be the most powerful tidal current in the world. You then get some time to explore Bodø before we cross the open sea to Lofoten. On board, you can participate in the expedition team's presentation on polar history, and learn more about Arctic hunters and trappers.

What to see

The Lofoten Islands reveal their charm through small fishing villages nestled between majestic granite cliffs and white-sand beaches. Go ashore and stroll between the stockfish racks and 'rorbuer,' traditional fishermen's huts.

A narrow fjord, fishing villages, and Vikings

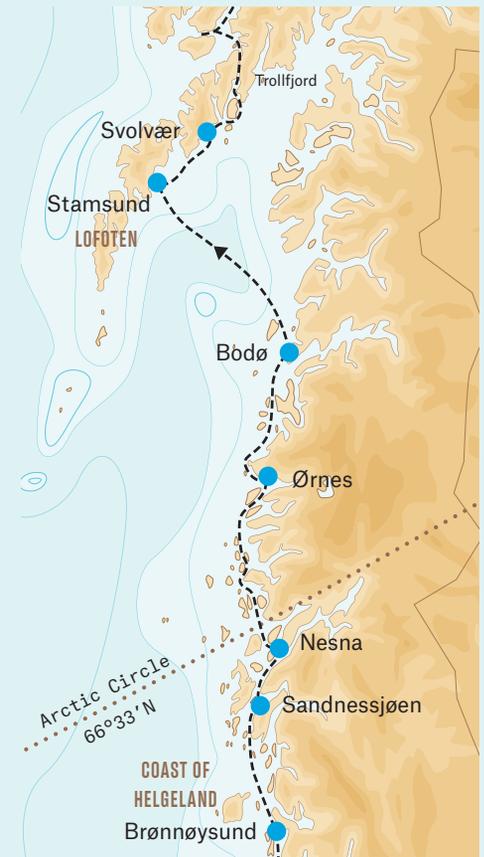

During late afternoon, the sight of the 3,300-foot-high Lofoten Wall appears on the horizon. The Lofoten archipelago resembles a formidable wall due to its high peaks and snow-clad granite cliffs. For thousands of years, huge numbers of cod have come to the surrounding seas here to spawn every winter (January–April). Catches of cod are traditionally hung on huge wooden racks and dried by the wind. Continuing north, we sail through the narrow Raftsund, and in summer we sail into the even narrower Trollfjord.

Pearl of the north

Situated on Norway's largest Island off the mainland, Hinnøya, discover the small city of Harstad, nicknamed 'The pearl of Northern Norway.' Harstad's mix of historic and contemporary architecture—and many cafés and restaurants—provides a friendly atmosphere. Harstad is also known as the gourmet city of the north. Go ashore and take a look around, then come back on board just in time for the breakfast buffet.

In the Arctic

Sailing past *history*

As we leave Harstad, we pass Trondenes Church, the world's northernmost surviving medieval building. The church traces back to the Viking era. The ship then docks in Finnsnes for half an hour, just enough time to load and unload goods and mail, and let the locals embark and disembark. Many of our guests like to gather on deck and watch this part of

everyday life along the Norwegian coast. The route becomes narrower as we approach the island of Kvaløya. The area is covered with historical sites such as the remnants of dwellings and burial mounds. When we pass Ryøya, you may even see some of the musk oxen that inhabit this small island.

Into the *heart* of Arctic wilderness

Gateway to North Cape

We arrive in Honningsvåg, the gateway to spectacular North Cape. The very compact city center features colorful houses and gardens that, even at 71°N, have trees—although they're rarely more than 10–15 feet tall. Go ashore to visit the North Cape museum, North Cape House, or Honningsvåg Church, consecrated in 1885. In spring, 3,800 reindeer are transported over nearby Magerøy Strait to their summer pastures. In autumn, when it is time for the reindeer to return to

the snowy plains of Karasjok, the animals and their calves swim across the strait that's more than a mile wide.

True north

We continue sailing north into the heartland of the indigenous Sámi people. During summer, you might see herds of grazing reindeer and small Sámi camps. We pass the Sámi's ancient sacred site, the rock formation of Finnkjerka, as we approach the fishing village of Kjøllefjord. Then you will see the Nordkinn Peninsula, which appears to be carved from the sea. We sail north of this peninsula, passing the impressive Smørbringa bird colony along the way.

More than one way to *taste* Arctic wilderness

Farther up the fjord is the fishing village of Mehamn, where we stop for 15 minutes. Then it's time for dinner. By now, you will have noticed that Norway's culinary traditions have much in common with the scenery of the coastline. It is always fresh, distinctive, and full of variety. Local produce is integrated into every element of the culi-

nary experience on board. Based on the season's best ingredients, you will enjoy three-course dinners and lavish buffets. Enjoy the evening on board, soaking in the Arctic wilderness and watching for small coastal communities.

Birdwatchers' paradise

We arrive in Vadsø early in the morning. This is one of the most scenic and popular birdwatching areas in the Arctic due to its location directly in the path of birds migrating from east to

west. The advantageous biotope, combined with the rich resources found in the adjacent Arctic Ocean, attracts myriad species and a great number of birds. Enjoy your breakfast buffet while enjoying a view of amazing nature.

The turning point

After breakfast we arrive in Kirkenes. The Russian border is very close by, and you may find it intriguing that the road signs are written in both Norwegian and Russian. This means that some of our guests have completed the journey

north, and their voyage is over. Other guests have only gone halfway, and can look forward to seeing the places we sailed past during the night in daylight as we head south. There will also be a lot of new guests joining us on the southbound journey.

Journeying south

As the ship starts its voyage south, you can first enjoy a wonderful lunch followed by views of Arctic wilderness from the outdoor deck or Panorama Lounge. In the afternoon, the ship docks again at Vardø, Norway's easternmost port. Weather permitting, we may invite you to experience ice bathing in the Arctic Ocean. We continue to Båtsfjord before reaching Berlevåg in the evening.

YOUR HOME AT SEA

— From the moment you embark your Hurtigruten ship, you will notice its unique onboard atmosphere.

Our vessels are purpose-built to bring you close to nature and wildlife, and to provide unforgettable experiences so you can encounter the real, authentic Norway. So settle in, get comfortable, and enjoy the world's most beautiful sea voyage.

WELCOME ON BOARD

— Sail with us and enjoy an informal and welcoming atmosphere—as well as authentic experiences and adventures—that are unmistakably Norwegian.

Sleep tight

Each of our ships has a wide range of cabins. No matter which stateroom you select, we promise a comfortable journey in a relaxed and informal atmosphere with Hurtigruten's famous hospitality. Have a look at the various deck plans to choose the right ship and cabin for your journey.

Bon appetit!

Our restaurants will satisfy your appetite with fresh local produce and seasonal ingredients. Accompanying each meal is a comprehensive selection of wines, beer, and soft drinks. Then enjoy freshly brewed coffee in any of the lounges or a cocktail in one of the bars. All of our ships also have cafés that serve snacks and beverages.

Daily life along the coast

At our ports, we receive fresh, local produce and seasonal ingredients. At the smaller ports, many guests head out on deck to soak up the sights as a quiet quayside suddenly comes to life. Supplies are loaded and offloaded, and our visit is welcomed by the friends and family of our crew. We have been doing this every day for over 125 years, and these are the moments that no other voyage along the Norwegian coast can recreate.

Time to relax

The ample deck space and comfortable lounges provide perfect views as we glide through some of the world's most beautiful and untouched coastal scenery. Contentment is finding a favorite spot on deck—or in a hot tub, in the fitness room, or by a window—and enjoying the ever-changing view of the beautiful landscape. Fall into the daily rhythm of life on board; it is one of the charms of being on a coastal voyage.

Travel with the Norway experts

Traveling with Hurtigruten offers the rare opportunity to be part of everyday life along the Norwegian coastline and see things you just won't see on conventional cruise ships. It is a unique experience, made all the more special by insights provided by our dedicated expedition teams. Enjoy our fascinating lecture series, delicious food-tastings, point-of-interest talks on deck, and more! When a point of interest is about to occur (perhaps a stretch of coastline, a particular building, a special scenic sight—or even a dazzling display of the northern lights!), an announcement will be made on board, ensuring you have enough time to head out on deck to experience it yourself. Evening gatherings with the expedition team become an occasion to share your daily experiences, and the informal onboard atmosphere makes it easy to strike up conversations with fellow explorers.

NORWAY'S COASTAL KITCHEN

— Every meal is a feast of the best ingredients nature has to offer.

Local food

Norway's culinary traditions have much in common with its coastal scenery. It is always fresh, distinctive, and full of variety. We always strive to provide our guests with a truly unique and authentic experience, and because we visit 34 ports, we have the exceptional opportunity to source fresh produce from local suppliers every day. This means delicious, fresh ingredients from both coastal and inland areas.

The season's best ingredients

Our breakfast buffet provides a superb selection of cold meats,

cheeses, eggs, cereals, fruit, freshly baked bread, pastries, and, often, sveler (similar to pancakes) and waffles made in the restaurant. It provides everything you need before a day of discovery.

Lunch is a combination of warm dishes with meat, fish, and vegetarian options, and a buffet featuring traditional regional dishes. Fresh bread, fruit, vegetables, local cheeses, and a selection of salads, cold cuts, and seafood are typically available. A homemade Norwegian dessert is also available every day.

At dinner, our chefs present either three- or four-course dinners or

lavish buffets. This being a coastal voyage, a lot of the ingredients come from the sea, such as cod, scallops, king crab, crayfish, langoustine, and Arctic char. There are also inland specialties available, such as reindeer, extra-tender beef sirloin, cheeses, vegetables, fruits, and berries. Choose from our comprehensive selection of red and white wines, beer, aquavit, and soft drinks. Each dinner ends with traditional desserts, such as homemade cakes, puddings, berries, and sorbet, and after dinner you can enjoy coffee in any of the lounges while taking in the beautiful landscapes we sail through.

Indulge yourself with our à la carte menu

After a day full of exciting experiences and views, it's nice to relax in a more private setting and enjoy something extra special for dinner. If you really want to treat yourself, we recommend our à la carte menu*, an out-of-the-ordinary culinary experience. Enjoy dining on absolutely premium produce delivered by local suppliers, including everything from freshly caught Norwegian seafood to sustainably cultivated root vegetables and free-range reindeer meat, along with excellent cheeses from select small-scale producers. An à la carte dinner is the perfect ending to a perfect day!

No matter what restaurant option you choose on a Hurtigruten cruise, the menu will change with the season, making your meal a feast of the best ingredients nature has to offer.

Cafés and bakeries on board

If you feel a bit hungry during the day, Brygga Bistro/Café† serves Hurtigruten's signature burger and its famous shrimp sandwich. If you have a sweet tooth, then Multe Bakery‡ is the place to go. Enjoy freshly baked pastries, sweet cakes, and local ice cream with homemade toppings, accompanied by warm drinks such as freshly brewed coffee, hot chocolate, and organic local herbal teas.

A sustainable culinary journey

Hurtigruten takes full culinary and environmental advantage of sailing through one of the world's most fantastic 'pantries.' A commitment to Norwegian food runs throughout the fleet and beyond the itinerary, focusing on locally produced ingredients. At 15 of our ports of call, we receive seafood, dairy products, mustard, salt, mushrooms, vegetables, and more. In addition, we even offer a vegan three-course dinner! Everything is delivered directly on board the ships, which significantly reduces food miles and optimizes the use of port facilities.

Local food enhances the travel experience and generates positive ripple effects in the local communities, creating jobs and goodwill. It also inspires great stories about the places we visit. Imagine sitting in the restaurant eating local goat cheese while we sail past the meadows where the goats are grazing. The story behind the food is part of the culinary experience.

In addition to serving locally sourced ingredients, we also work hard to minimize food waste, using every edible part of each ingredient.

Expedition teams **HOSTS OF THE COAST**

— Learn more about the Norwegian coast with our expedition teams.

What is an expedition team?

All Hurtigruten ships featured in this brochure have an expedition team on board. Each team has an expedition leader and team members consisting of experts on nature, guiding, culture, and history. With the ship's hotel manager and service crew, the expedition team members are your onboard hosts. Every day they provide educational opportunities such as lectures, onboard guiding, a photo program in cooperation with Canon Academy, storytelling, and evening gatherings—all included in the cruise price.

Join the expedition team on board

Learn more about Norway, and our history, culture, and wildlife while sailing with us. Our expedition teams enthusiastically share their knowledge and passion for a variety of relevant subjects including biology, history, geology, and culture—and they present this information in an entertaining and informal way. Participate in our onboard lectures, both inside and out on deck when we pass points of interest and during evening gatherings. Our expedition teams are Canon-certified and will offer a photo program during the cruise,

The joy of 'friluftsliv'

Living in a country known for its beautiful nature, Norwegians are famous for their passion for being outdoors. We call it 'friluftsliv.' Friluftsliv is about the desire to be in nature, and experiencing nature on a physical and spiritual level. In contrast to our hectic everyday lives, Norwegians use the opportunity of being outdoors

to slow down the pace and focus on nature. You might say the need to be close to nature is part of the Norwegian DNA. Because Hurtigruten is a Norwegian company, friluftsliv pervades all our activities. One of Norway's favorite sayings is "Ut på tur, aldri sur," which translates to something like "Out on a hike—never to gripe."

© BRIAN BERTELSEN

Join the expedition team on land

We want to show you what we love, and hope you will experience some of that joy on special excursions with our expedition team. Maybe you'll feel it while sitting around a campfire, hiking a trail, or even just enjoying a cup of coffee or tea together. Join the expedition team for onshore hikes to see the

best and most interesting spots and sites along the coast. These hikes are presold as a package, sold on board as a package, or booked individually on board. The focus is on the hike itself—reaching a viewpoint, for example, or encountering an interesting sight. We surrender to the reverence of nature, be it forest, shoreline, or wind-swept mountains—no matter the weather. Fog may impair the view, the paths may be icy, or the wind strong, but the call of the wild, the pure joy of being outdoors and living in the moment are the essence of what our expedition teams want to share with our guests.

Hurtigruten's Young Explorers Program

Children ages 7–13 can take part in our complimentary Young Explorers Program on MS Finnmarken all year round. The Young Explorers Program gives the children on board a sense of what it is like to be a real explorer in Norway's beautiful and untouched surroundings. A dedicated onboard host plans and organizes all the activities, focusing on fun and eco-friendly learning that is designed to awaken children's sense of adventure. The Young Explorers Program helps kids develop a deeper understanding and appreciation for nature, climate, and culture. It also introduces them to topics related to wildlife, local food, environmental protection, and famous explorers. There are daily onboard activities for the Young Explorers related to the different topics.

ABOUT OUR FLEET

EXPERIENCED CREW

Our captains have an average 13.2 years of experience. Total ship-management experience on board our ships is 1,256 years!

Since Hurtigruten began sailing in 1893, we have had many ships journey along the Norwegian coast. While our vessels share many similarities, each ship also offers something unique. Here are some interesting features and fun facts about the Hurtigruten fleet.

PANORAMA LOUNGE

Enjoy comfortable seating while enjoying the view.

NAVIGATION

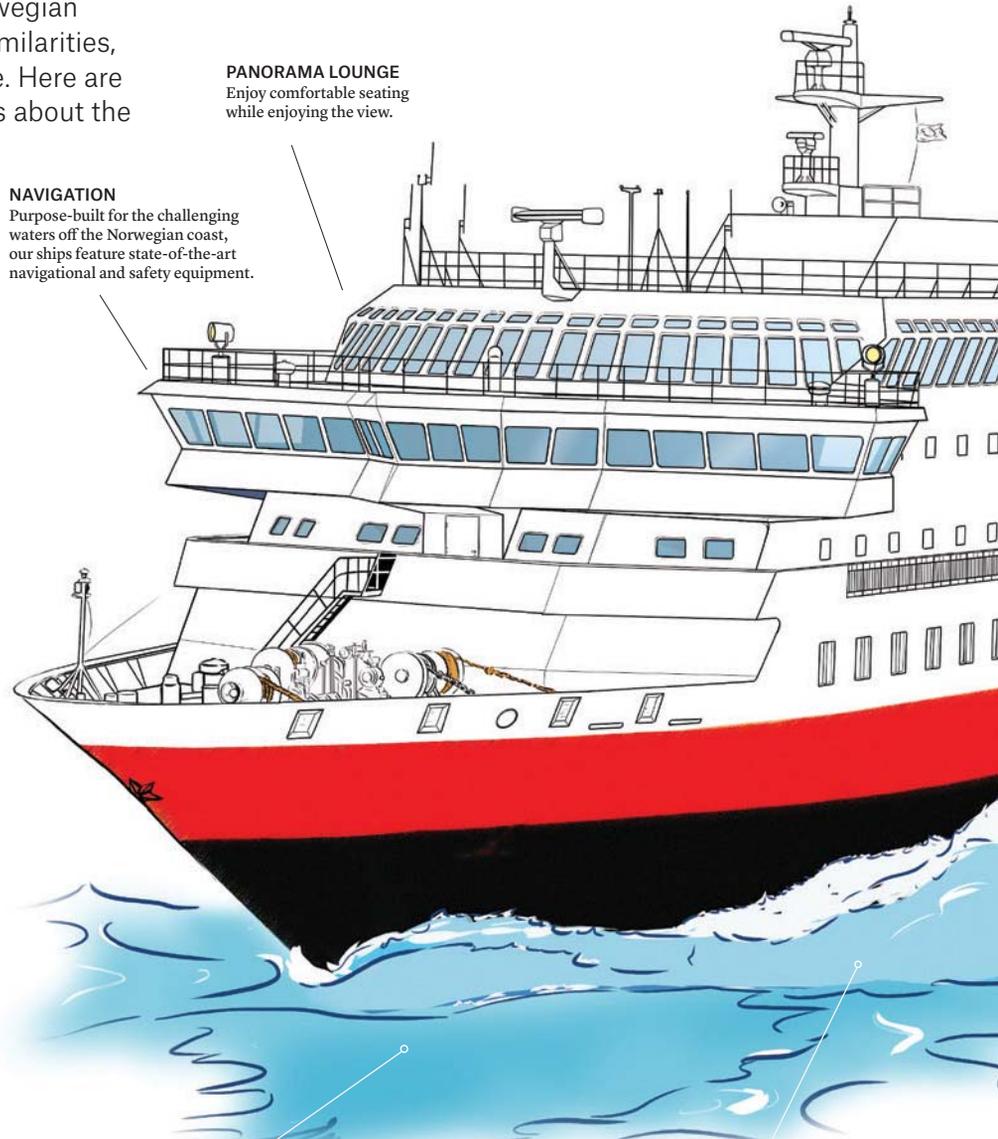

Purpose-built for the challenging waters off the Norwegian coast, our ships feature state-of-the-art navigational and safety equipment.

2,500
nautical miles

NON-STOP VOYAGES

A Hurtigruten ship departs Bergen every day. On the 12-day roundtrip cruise, Bergen-Kirkenes-Bergen, you will experience 2,500 nautical miles of varied landscapes.

RESEARCH

In cooperation with the Norwegian Institute of Marine Research, we have been measuring the sea temperature along the Norwegian coast for 80 years.

STABILIZERS

Hurtigruten ships are equipped with stabilizers. They reduce the ship roll.

Over 125 years of history

1890 1900 1910 1920 1930 1940 1950

1893

Captain Richard With establishes a steamship service to link Northern and Southern Norway—Hurtigruten.

1898

The route along the Norwegian coast is extended to the south and now includes Bergen.

1908

Kirkenes, near the Russian border, becomes the northern turning point.

1936

A ship now leaves Bergen every day. More than 230,000 passengers travel on board Hurtigruten's fleet of 14 ships.

1952

Since 1949, seven new ships are added to the fleet. The fleet transports 500,000 passengers a year.

BANNING PLASTIC
Beginning in July 2018, Hurtigruten was the first cruise line in the world to ban unnecessary single-use plastics on board.

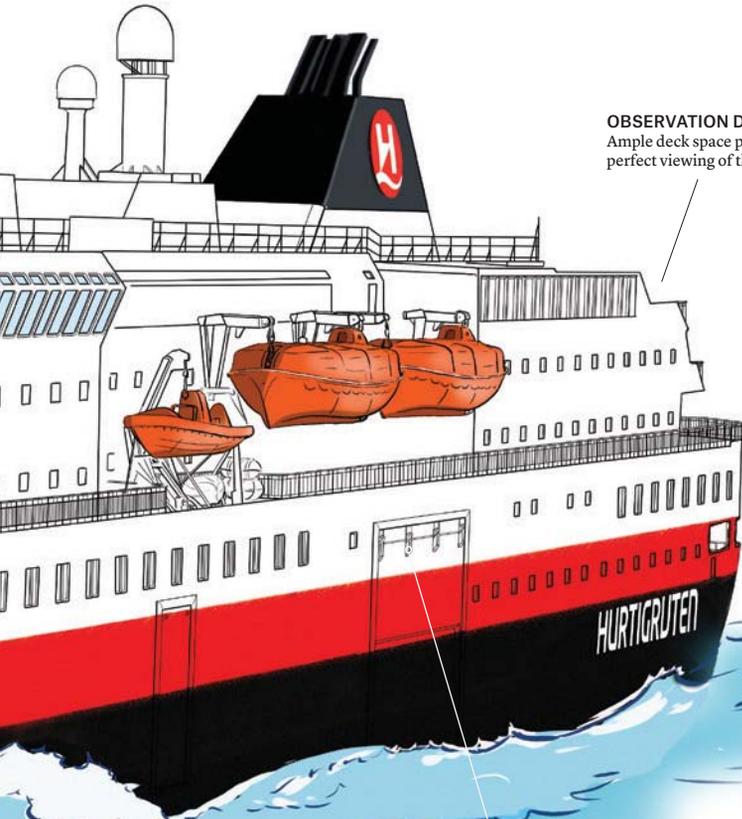

LIQUEFIED NATURAL GAS
By 2021, up to nine of our ships will run on LNG (liquefied natural gas) and battery power—likely making us the greenest fleet in the entire cruise industry.

ELECTRICITY
By 2021, our entire coastal fleet will be equipped to access shore power.

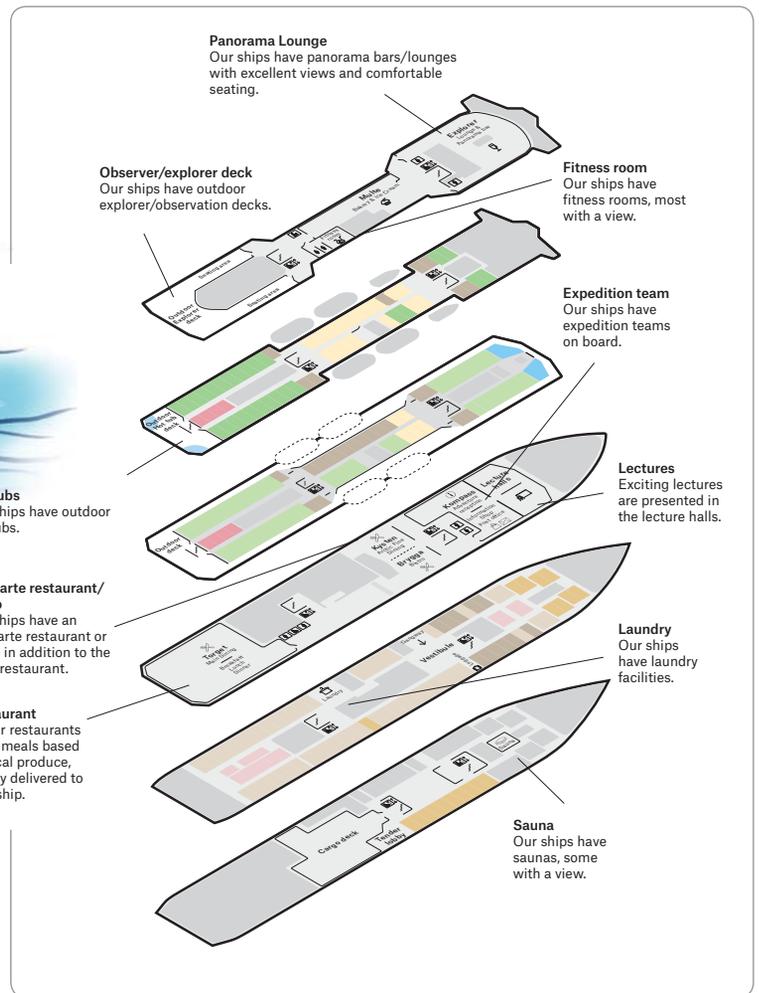

REDUCED EMISSIONS
New propeller technology on several of our ships reduces yearly emissions by an amount equal to the impact of a diesel truck circling the planet 71 times.

OBSERVATION DECKS
Ample deck space provides perfect viewing of the scenery.

Deck distribution

CARGO HATCH
In 2017, we transported 85.4 million metric tons of cargo along the Norwegian coast.

ENVIRONMENTALLY FRIENDLY
We carry more than 10,150 semi-trailers a year that would otherwise be on the roads.

HEAT RECOVERY
We reuse heat from the engines' cooling water and exhaust to warm up the hot water tanks on board.

Choose your cruise for the 2019 / 2020 sailing season

Hurtigruten offers year-round daily departures from Bergen and Kirkenes and three different cruise itineraries. Some cruise highlights occur only on northbound sailings, others only occur on southbound sailings. The Classic Roundtrip Cruise is the best way to ensure that you see everything the stunning Norwegian coast has to offer.

The 12-day Classic Roundtrip Cruise embarks upon nearly 2,500 nautical miles of spectacular coastal scenery and visits all 34 ports during daylight hours or under the midnight sun. Explore every glorious inch of Norway's magical coastline!

The 7-day Classic Cruise North combines stunning natural beauty and rich cultural exploration in cities such as Ålesund, Trondheim, and Tromsø. **The 6-day Classic Cruise South** sails along the Helgeland coast, a beautiful region and home to the Seven Sisters mountain range. You'll also visit the stunning Vesterålen and Lofoten Islands in the day-time, and visit Trondheim.

Please contact our Customer Sales Center for information about our cruise and flight packages from a selection of major airports, as well as our arrival and departure packages, which include hotel stays and transfers.

PRACTICAL INFORMATION

Correspondence

If book your cruise through a travel agent, all communications between you and Hurtigruten must be via that agent. If you book your cruise directly with us, all correspondence will be sent to the Lead Passenger on the reservation. Please quote your booking reference number in all communications. When you or your agent first contact us, we will confirm your cruise at the earliest opportunity and advise regarding current flight times and prices, including any applicable supplements or extras, etc. For high season dates, when demand is greater, or if you book within eight weeks of departure, it may take slightly longer to confirm your cruise. An invoice will be sent to confirm your arrangements. If you are traveling with friends and would each like to receive separate documents, please advise us at the time of booking. Travel documents will be sent to you electronically, unless otherwise requested, prior to departure.

Special requests

If you have any special requests (such as dietary or medical), please inform us at the time of booking. We will do our best to meet such requests but cannot guarantee to do so.

Changes to the itinerary and excursions

All routes and excursions are provisional and subject to change—weather, sea, and ice conditions may affect the itinerary.

Minimum numbers on excursions

Some excursions are subject to a minimum number of participants to enable them to take place. Should the minimum not be reached, we will advise you at least 60 days prior to your departure, when we reserve the right to cancel the excursions and will refund all monies paid to us. Alternatively, you may choose another excursion with us, but if the alternative arrangement is at an additional cost, the difference will be payable by you.

Guests with limited mobility

We are happy to welcome guests who are not fully mobile, and all ships featured in this brochure have at least one cabin equipped for travelers using a wheelchair. Our Customer Sales Agents will also try to book appropriate hotel rooms. Guests who use a wheelchair must bring their own standard-size foldable chair. Guests who are able to navigate around the ship unaided in a wheelchair do not need a traveling companion. Those who need assistance may need to be accompanied. Please discuss with your Customer Sales Agent. In Norwegian ports there is a ramp or gangway for embarkation/disembarkation. Excursions have not been adapted specifically for guests with walking difficulties or limited mobility. Please contact a Customer Sales Agent—or the tour leader when you are on board—to advise you as to which excursions are suitable for guests with limited mobility. Be sure to advise us of special requirements at the time of booking so we can make the necessary arrangements for you.

BEFORE YOU GO

Passport

All guests must present a valid passport when they check in. At the time of publication, U.S. and Canadian citizens who hold a U.S./Canadian passport do not require a visa. If you are not a U.S./Canadian passport holder, you must check immigration requirements with the consulate. A passport with validity of six months after the end of the trip is required.

Vaccinations and health considerations

At the time of printing this brochure, there are no compulsory vaccinations or health requirements for traveling to Norway. It is, however, the responsibility of all passengers to ensure they comply with any health requirements at the time of travel. We suggest you consult your doctor or relevant health authorities about any precautions you should take with regard to Deep Vein Thrombosis (DVT).

Currency in Norway

We suggest that you take a small amount of local currency (Norwegian Kroner – NOK) in cash. Major credit cards are widely accepted except possibly at smaller businesses. You may be asked to provide identification when you pay by credit card or exchange money. Please also see the 'Payment options' paragraph on the Onboard Information pages.

GENERAL

Brochure accuracy

The information and descriptions in this brochure have been checked by our staff and/or local agents to ensure that they are correct. However, changes may occur after the date of publication and there may be occasions when Hurtigruten or local suppliers may withdraw some services. Should we become aware of a significant change that may be considered to have an effect on the enjoyment of your vacation, we will do our utmost to advise you. All prices featured in this brochure were accurate at the time of publication and are subject to change at any time at the discretion of Hurtigruten. Please refer to our website for up-to-date pricing information.

Wildlife and natural phenomena

Hurtigruten brochures include pictures and descriptions of wildlife and natural phenomena that may be seen from the ships and during excursions. Spending time on outside decks increases your chance of spotting wildlife and natural phenomena but there is no guarantee of sightings.

Environmental commitment

Hurtigruten's environmental efforts are tied to our strategic six-point policy:

1. That environmentally oriented measures are identified and implemented in day-to-day operations.
2. That focus is directed specifically at the marine environment.
3. That we specify requirements for

Hotel accommodations

There is no official hotel rating system in Norway; the standard of hotels we use is 3 or 4 stars, and all hotels are centrally located. All rooms have private bathrooms (except for the Snowhotel in Kirkenes). Hotels may charge for some facilities, such as sauna usage. The price for overnight hotel stays includes breakfast, unless stated otherwise on your confirmation document.

Time in Norway

Norway acknowledges Central European Time (CET) from late October through late March, and Central European Summer Time (CEST) from late March through late October. Norway is 6 hours ahead of Eastern Standard Time (EST), however, there is a short period of time when Norway is only 5 hours ahead of EST, depending on when Standard Time ends in March and begins in October.

Transfers

Hurtigruten offers bus transfers between the airport and pier, and some hotels, in connection with embarkation and disembarkation in Bergen and Kirkenes. For transfers in Trondheim, Tromsø, and Oslo, please contact our Customer Sales Center. In Bergen we offer bus transfers to and from the railway station, and the pier and some hotels. The transfers are operated with charter buses (fixed times), or the official airport express bus (official schedule). The fixed times comply with the daily ship arrival and departure times; waiting at the airport is possible. The airport transfer takes between 15 and 45 minutes, depending on the city and traffic conditions. You will receive our arrival/departure handbook with all transfer times with your travel documents. We offer wheelchair-accessible transfers in Bergen on request.

subcontractors and contractual partners.

4. That our communications concerning our own environmental performance are open and complete.
5. That we ensure continuous monitoring and improvement of our environmental work.
6. That we do not leave any permanent traces behind us in vulnerable areas.

As a traveler with Hurtigruten, your contribution to environmental care is welcome. We have recycling aboard all ships, and we encourage you to turn off lights when leaving your cabin and pull out the plug from electrical outlets when not in use. Beginning July 2018, we have banned all single-use plastic aboard our fleet. When ashore, bring your litter back to the vessel or dispose of it at designated places. We are often near wildlife on our cruises. Please heed the advice of our tour or expedition leader and excursion guides and strive towards acting in a way that does not alter the wildlife's natural behavior.

Flight information

Hurtigruten can help you travel to and from Norway on flights in coach class with our select airline partners. Please note that direct flights are not always available and you might connect via Oslo, Copenhagen, Stockholm, or Amsterdam. Depending on the flight operator, flight connection, and booked class of carriage, there may be a surcharge for the connecting flight you require. Please carefully check the airline's website for more information about the meals on board and the weight and size limitations of your luggage. Generally, one piece of hand luggage weighing between 13-18 lbs is allowed on board the plane, and your free checked-in luggage is restricted to one piece at a weight of 50 lbs, with possible deviations depending on the air connection. You will receive the details with your travel documents. Please note that a rebooking or deliberate flight change before your cruise may be subject to a surcharge. A rebooking or refund after the start of your journey is not possible.

ONBOARD INFORMATION

Activities on board/expedition team

All Hurtigruten ships featured in this brochure that travel along the Norwegian coast have an expedition team and an expedition leader. They host special activities on board such as lectures, presentations, gatherings, demonstrations, and on-deck guiding—as well as environmental initiatives, hikes, and other onshore activities in many ports. Activities take place both inside the vessel and out on deck, and are relevant to the season in which we are sailing. Our goal is to get closer to unique environments and share the experience with our guests. The expedition team also advises on and sells excursions, issues a daily program and news bulletin, and makes announcements regarding places of interest, disembarkation, etc.

Cabins

Our ships function as working ships, calling at ports around the clock. You may experience some noise and vibrations in some cabins during docking and loading of goods. This varies depending on the location of your cabin and the type of ship. Please note that cabins on decks with guest access to outside areas may sometimes have an obstructed view due to other guests on the deck. Please ask our Customer Sales Center for advice on the best cabin location for you.

Dietary requests

Special diets, such as vegetarian or vegan, may be accommodated if requested well in advance. We now offer a 3-course vegan menu option for the evening meal. Passengers on strict diets may find that there is a limited number of food options available.

Electrical outlets

All cabins have 220V (50hz) electrical outlets. The plugs are continental two-pin plugs, for which an adapter is required. Guests are advised to bring their own adapter with them on the cruise.

Embarkation/disembarkation

In Bergen, Hurtigruten ships sail from the Hurtigruten Terminal, Nøstegaten 30, N-5010 Bergen. Taxi drivers will understand if you ask to be taken to the Hurtigruten Terminal; it is sign-posted as such locally. Luggage lockers are available in the terminal for a fee. The terminal is staffed and open for luggage check-in from 1:00 p.m. Passenger check-in begins at 3:00 p.m. and embarkation takes place from 4:00 p.m. Cabins are available from 6:00 p.m.

PERIOD	DEPARTURE	EMBARKATION
Jan 1 – May 31	10:30 p.m.	From 4:00 p.m.
Jun 1 – Oct 31	8:00 p.m.	From 4:00 p.m.
Nov 1 – Dec 31	10:30 p.m.	From 4:00 p.m.

There are no restaurant facilities in the terminal; passengers are free to explore Bergen until embarkation time. A buffet dinner is served on the evening of departure from Bergen, usually between 6:00 p.m. and 9:00 p.m., with open seating this evening only. When disembarking in Bergen, luggage will be delivered to the baggage belt in the terminal. On the last day of your cruise, you will be asked to vacate your cabin a few hours before disembarkation. Information regarding luggage handling and disembarkation at other ports is available on board.

Excursion effort level key

Level 1: Involves limited physical activity, most or all of the tour is operated by vehicle.

Level 2: Involves moderate physical activity on relatively level surfaces and gentle terrain.

Level 3: Involves physical activity on uneven surface and/or steep terrain. You may be expected to carry your own backpack and equipment. Not suitable if you have limited mobility.

Level 4: Involves a high level of physical activity over an extended period, in terrain that may

often be uneven, slippery and steep. You are expected to carry your own backpack and equipment. Not suitable if you have limited mobility.

Gratuities policy

It is not common practice to tip on Hurtigruten ships on the coastal cruise, but if you feel that crew members should be rewarded for providing exceptional service, tip boxes and envelopes are placed in the restaurant.

Internet

Guests have complimentary wireless Internet access. See reception on board for more information.

Languages spoken on board

Norwegian and English are the official onboard languages. The personnel at reception and some of the expedition team members also speak German. Most of the excursions are guided in two or three languages. Please contact the expedition team or tour leader on board for more information.

Laundry

Laundry rooms with washing machines, dryers, and irons are available on all ships. Tokens can be purchased at reception.

Medical assistance

There is no doctor or pharmacy on board. However, officers are trained in first aid and can provide emergency medical assistance. The ships are also close to land should urgent medical assistance be required.

Onboard meals

Breakfast is usually served from 07:30 (open seating), lunch is seated from 12:00 (buffet or set menu, with open seating), and dinner is seated from 6:00 p.m. Guests can choose their preferred dining time, subject to availability. The 12-day cruise begins with a buffet dinner

upon departure from Bergen, and ends with brunch upon arrival back in Bergen. Breakfast consists of a wide selection of cold meats, cheeses, eggs, cereals, and fruit, with freshly baked bread, pastries, and often 'sveler' (similar to American pancakes) and waffles freshly cooked in the restaurant. Guests who wish to enjoy an enhanced dining experience in the à la carte restaurant can purchase Norway's Coastal Kitchen's à la carte menu for an additional charge on all ships featured in this brochure, with the exception of MS Spitsbergen, subject to availability. All vessels are fully licensed to sell beer, wine, liquor, and spirits, and the prices on board are comparable to those on the Norwegian mainland.

Payment options

Norwegian currency is used on board. Most major currencies may be exchanged. Visa, American Express, MasterCard, and Diners Club are also accepted. A Cruise Card can be obtained and used for payment for all onboard purchases and settled at the end of your voyage.

Porterage

Luggage handling is not included in the cost of your cruise. Unless you are embarking or disembarking the ship at the Hurtigruten Terminal in Bergen, guests will need to carry their own luggage on and off the ship at all ports.

Port visits

Please ensure that you are back in time to re-board the ship by the departure time. Even if your ship arrives late due to a delay, it will depart on time to keep the schedule. The departure time is displayed at the gangway. Please note that ships cannot wait for late passengers. If you miss your ship, you will need to arrange the trip to the next harbor by yourself and at your own expense.

Safety

It is a safety requirement that all Hurtigruten passengers attend a mandatory safety briefing in Bergen and Kirkenes before the ship leaves port. The briefing is mandatory for all passengers including those who have traveled with Hurtigruten on previous occasions. After check-in and before embarkation, please go to the first floor of the terminal building, where the safety briefing will be given at intervals by Hurtigruten staff. This meeting lasts 10–15 minutes. The safety meeting will include a demonstration of how to put on a life jacket and the instructions to be followed in the unlikely event of an evacuation or another emergency during the voyage. There will be an opportunity to ask questions if you have any concerns. Please also familiarize yourself with the emergency procedures as shown in the cabins (there is a diagram on the cabin door and in public areas), and ask at reception if you have any questions. In many ports, there may be a good deal of activity on the quay with cars joining/leaving the ships and/or goods being loaded or unloaded. Please be alert to such traffic when embarking and disembarking. Take care during winter months when it is icy underfoot, particularly on the outside decks and when disembarking the ship or exiting coaches. Crampons and other winter clothing can be purchased in the ship's store. Do not carry large amounts of cash with you, and keep valuable items, including mobile telephones and cameras, out of sight.

Shops

All ships featured in this brochure have an onboard shop that carries a selection of high-quality products. We offer clothing by high-end Norwegian brands and equipment suitable for attending our excursions and hikes, as well as souvenirs and gift items. A small selection of toiletries are also available for purchase.

Shore excursions

Pre-booking excursions (where possible) is recommended as only the remaining spaces will be sold on board. Excursions booked on board will be payable in Norwegian Kroner and the price may vary as a result of exchange rate fluctuations. Pre-booking of shore excursions is possible until 4 weeks prior to departure. If you choose to pay by credit card, pre-bookings can be made until 2 weeks prior to departure. Excursions and their contents are subject to maximum/minimum number of participants, sailing times, and weather/local conditions.

Smoking

Smoking is only permitted in designated areas on the outside decks. Smoking is strictly forbidden when the ships are in port and fueling. The staff will advise when it is not allowed to smoke outside.

Stabilizers

All of the vessels featured in this brochure are equipped with stabilizers.

Telephone/mobile phones

Private mobile telephones may be used on board although reception may vary. Check with your provider for costs when using your phone abroad.

What to wear

Onboard dress is informal. Although some passengers may choose to change for dinner, the dress code is casual rather than formal. The weather in Norway can vary during the course of the cruise and even throughout the day. To cater for these variations we recommend the layered-dress approach that enables you to adapt to changes in temperature, wind, and precipitation conditions easily. For all cruises, we advise you to take breathable rain- and windproof clothing. Warm clothing, a scarf, gloves, and thermal underwear are recommended during the winter months. On land where it may be icy, sturdy shoes are important for shore excursions and a walking stick/trekking pole may be useful.

TERMS AND CONDITIONS

These Terms and Conditions are effective as of March 15, 2018, and applicable to all Norway Coastal cruises through May 31, 2020.

IMPORTANT NOTICE:

Please read the terms and conditions of this Guest Passage Contract (the "Contract") carefully as they constitute the complete and entire legally binding agreement between you and Hurtigruten as to the subject matter discussed below. Please pay particular attention to Sections 13 through 18 as they include limitations on our liability and your right to sue.

The terms and conditions of this contract apply to the sea passage as well as to all other products or services of any kind whatsoever provided for or arranged by Hurtigruten AS, their agents or independent contractors. These terms and conditions represent the entire agreement and a binding contract between Hurtigruten AS and the customer. These provisions supersede any oral or written representations. Any change in these provisions must be in writing signed by the president of Hurtigruten AS. The transports of passengers, baggage and vehicles is subject to the provisions of the Act no. 39 of 24 June 1994 Norwegian Maritime Code, as amended ('Norwegian Maritime Code'), and package tours are subject to the provisions of the Act no. 57 of 25 August 1995 Relating to Package Tours ('Package Tours Act'). Copies of the Norwegian Maritime Code and the Package Tours Acts, in Norwegian and in English, are on file with Hurtigruten AS and available upon request. The terms and conditions of this contract are drawn up in accordance with the Norwegian Maritime Code, Package Tours Act, and the regulations laid down by the Norwegian Ministry of Children, Equality and Social Inclusion. However, in case of conflict between this contract and the Norwegian Maritime Code or Package Tours Act, this contract shall take precedence.

1. CONTRACT

Your contract partner is Hurtigruten AS. When used in this contract, 'you,' or 'customer' means each person whose name appears on the face of the ticket and/or who uses the ticket for passage on the cruise described in the ticket. 'Hurtigruten,' 'we,' and 'us,' means Hurtigruten AS and its subsidiary, affiliate, and parent companies, agents, assigns and vessels they own or charter.

When you book travel or a cruise with us, this contract is regarded as binding once Hurtigruten receives the first payment from you that is required under section 4 below. Hurtigruten is then responsible for delivering the products/arrangements you have booked while you are financially responsible for the booking. The moment you make a booking you are confirming at the same time that you have the authority to accept these terms and conditions on behalf of yourself and any travel companions.

You accept responsibility for payment to us for all customers in your booking. The customer is solely responsible for ensuring that the actual reservation corresponds with the booking made. As the person making the booking you are also responsible for ensuring that the names on all documents are correct and in accordance with the passports of all customers for whom you are making the booking. As the person making the booking you will also be responsible for ensuring that all travel companions in the booking are kept fully informed of what was booked and any changes that may arise. If you are booking your trip via an agent/travel agency, all communication shall take place via the agent/travel agency. Note that travel agencies/agents may have additional terms and conditions that you will be subject to when booking travel through them. Always quote your booking number when contacting Hurtigruten.

2. GOVERNING LAW AND FORUM SELECTION CLAUSE

Any disputes and matters of whatsoever nature between the customer and Hurtigruten shall be governed by Norwegian law. Such disputes and matters shall be litigated in and before a court of law in the city of Bergen, Norway.

3. GUARANTEE

Hurtigruten at all times provides the statutory guarantee for package tours from:
The Norwegian Travel Guarantee Fund
Post box 227,
N-4001 STAVANGER,
Norway

4. PAYMENT

Payment is due immediately for all online bookings which have a total price of less than \$1,340, including

taxes and additional charges. For all other bookings, payment is due as follows:

i. If the booking is made more than 60 days for Norway Coastal (90 days for Explorer cruises) prior to departure date, a non-refundable deposit of 20% is due. The balance is due 60 days before your scheduled departure date. No second invoice will be sent. Travel documents will be issued 7 to 14 days prior to departure.

ii. If the booking is made less than 60 days for Norway Coastal (90 days for Explorer cruises) prior to departure date the full amount is due immediately.

If you fail to make any payment by the date on which it is due under this contract, Hurtigruten reserves the right to cancel the booking, keep the deposit and demand a cancellation fee in accordance with Section 10 below. In the event of special promotions, the total amount may be due immediately at the time of booking. Your travel documents will be sent as soon as Hurtigruten has received payment, normally no later than 4 weeks prior to departure.

5. PRICES

The fare set forth in this contract is stated in U.S. dollars, is per person based on double occupancy and does not include land arrangements or services, unless otherwise expressly agreed in writing by Hurtigruten.

The fare does not include items of a personal nature, including but not limited to, laundry, liquor, beer, or wine. The full and correct price of the trip is given before a booking is confirmed, except as set forth below.

The fare includes taxes, fees, port expenses, and charges imposed by governmental or quasi-governmental authorities. Hurtigruten reserves the right to add certain specified additional charges to the price of your booking such as, for example, a fuel surcharge, in the event that there may be increased costs or if an airline raises rates or imposes surcharges up to 30 days before departure. Hurtigruten reserves the right to collect the fare in effect at the time, and as a condition, of embarkation. Should prices be reduced as a result of the same changes mentioned above, the price adjustment will be credited to you. In the event of price increases of more

than 10 percent, you retain the right to cancel your booking at no charge, with a full refund of all amounts paid. Should you wish to cancel your booking as mentioned above, notification of this must be received by Hurtigruten at the below address, at least 14 days from the date of the new invoice showing the increase in price.

6. AIR TRAVEL

You may choose to book your airfare through Hurtigruten. However, all such arrangements are made by us solely as your authorized agent and for your convenience and are at your risk. Air travel providers, owners, and operators are independent contractors and are not acting as agents or representatives of Hurtigruten. Hurtigruten does not undertake to supervise or control such independent contractors or their employees, and makes no representation, express or implied, as to their suitability or safety. Hurtigruten shall not be liable for any delay, damage, injury, death, or loss of any kind whatsoever due to the acts, omissions, or negligence of any air travel providers, owners, operators, or their employees or agents. The prices specified for air travel in Hurtigruten's brochure are based on available seats in the lowest pricing category for flights. If these seats are not available at the time of booking, Hurtigruten will seek to offer the lowest available flight price. The flight price will be quoted upon request and the quote will be provided within 24 to 48 hours. Once you accept the quoted flight price, you must pay that amount in full within 24 hours of your acceptance. Please note that some flight prices require a local airport fee to be paid in cash by the customer. Such costs are not included in the agreed price for the booking.

Airline tickets issued may not be reissued or exchanged for another air carrier or routing. Cancellation or re-booking charges will be assessed by the airline for any changes and these additional costs are the sole responsibility of the customer.

According to the European Parliament and Council Regulation no. 261/2004 you have the right under certain circumstances to a refund and/or compensation from the airline if you are refused boarding of the flight or in cases where flights are cancelled or take-off is extremely delayed. You must claim such refund

or compensation directly from the airline company. Refunds in such cases will not automatically give you the right to a refund of your costs from us. In cases where delays can result in the right to cancel a flight with the selected air travel provider, this will not automatically give you the right to cancel or receive a refund for any other arrangements with us, even if they were agreed on in connection with the flight concerned unless and to the extent we caused the delay.

7. CHANGES TO BOOKING BY CUSTOMER

Changes to bookings are considered cancellations and incur all associated fees pursuant to section 10 of this contract. Minor adjustments to bookings may be permitted at Hurtigruten's sole discretion, such as upgrades in accommodation or the addition of excursions or add-ons. For any such adjustments Hurtigruten allows that are made within 90 days of your scheduled departure date, Hurtigruten reserves the right to charge you an administrative fee of USD \$ 75 per person per adjustment, payment of which shall be a condition of embarkation. Changes in air travel and other arrangements such as shore excursions may also be subject to change fees and/or increases by the air carrier, for which the customer shall be solely responsible. Ground transfers (for example, bus rides) purchased through Hurtigruten are not refundable. Please review the documents and instructions for transfers that were sent to you. Missed transfers are not the responsibility of Hurtigruten and there is no reimbursement available.

8. TRANSFER OF BOOKING

This contract is personal and cannot be assigned, sold, or transferred to persons other than the customer without the express written consent of Hurtigruten.

9. TRAVEL PROTECTION PLAN

We recommend that all passengers purchase a travel protection plan to help protect you and your trip investment from unexpected events such as cancellations, delays, and medical emergencies. Please read the cancellation policy below.

10. CANCELLATION BY CUSTOMER

You or anyone in the booking have/has the right to cancel the booking at any time. All cancellations must be done in writing by the person who has made the booking. The cancellation is effective on the date that Hurtigruten receives the cancellation request at the address provided in this contract. Please note: There is no refund on

bookings that cost less than \$1,340 (including taxes and additional charges). Cancellation fees are calculated according to the following schedule for all other bookings:

NORWAY COASTAL CRUISES:

Number of days prior to departure	Cancellation fees in percentage of total booking price
Less than 14 days before	100%
14 - 27 days before	90%
28 - 59 days before	60%
60 or more than 60 days before	20% non-refundable deposit

EXPLORER CRUISES:

Number of days prior to departure	Cancellation fees in percentage of total booking price
Less than 14 days before	100%
14 - 27 days before	90%
28 - 59 days before	60%
60 - 89 days before	40%
90 or more than 90 days before	20% non-refundable deposit

For trips that are based on pre-paid flights, including any airfare we book on your behalf, the airline company's booking and cancellation rules will apply to the air portion. Any trip protection costs will be additional to the agreed price for the booking. The same applies to any connection travel that does not form part of this booking. You will be responsible for all such costs. There is no refund of any or all of the booking price for customers who do not show up at the pier for embarkation or who disembark prior to the end of their ticketed cruise itinerary. Should the customer's cabin include several people, partial cancellation will result in the application of the above penalties to the persons who have cancelled and the remaining customers being charged the applicable prices for the revised number of customers in the cabin. If you have to cancel your booking for reasons that are covered by your travel protection plan, you must apply for a refund from your insurance company for the cancellation fee of your own accord. Insurance premiums are not refundable. Cancellation charges are calculated based on total fares paid to Hurtigruten for all trip components. Cancellation charges will apply notwithstanding that Hurtigruten is able to rebook the cabin in question.

11. CANCELLATION, DEVIATION, OR SUBSTITUTION BY HURTIGRUTEN

You agree that Hurtigruten has the sole discretion and freedom to direct the movements of its vessels, including the right to proceed without pilots, tow or be towed, assist other vessels; deviate from the customary or advertised course for any purpose that is sufficient in the judgment of Hurtigruten or the vessel's captain, including but not limited to offering or rendering assistance in an effort to preserve life or property; and put in or back in to, or call or stop at any port or place. Hurtigruten shall not be required to provide you prior notice before exercising its discretion on any of these matters, and shall not incur any liability to you for any loss, damage, or delay, whether consequential or otherwise.

Hurtigruten shall at all times have the absolute right, without liability to you, to take all actions necessary to comply with orders, recommendations or directions from any governmental entity or persons purporting to act with such authority, including but not limited to those pertaining to health, security, immigration, customs, or safety.

Hurtigruten reserves the right to cancel any cruise or booking without liability or compensation to you, provided such cancellation is due to circumstances that are beyond Hurtigruten's control, including but not limited to acts of God, war, piracy, terrorism, civil strife, labor conflicts, weather conditions, perils of the sea, mechanical breakdown, or collisions ('force majeure events'). If as a result of a force majeure event, Hurtigruten determines that proceeding to, attempting to enter, entering, or remaining at a port may expose the ship to risk, loss, damage, or delay, the customer and his or her baggage may be disembarked at any port or place at which the ship may be or call, at which time Hurtigruten's responsibility under this contract shall cease and the contract shall be deemed to have been fully performed.

Hurtigruten reserves the right to omit, alter, or curtail any shore excursions at its sole discretion. Hurtigruten reserves the right to substitute any vessel in place of the vessel on which you booked passage for any reason, including reasons based on Hurtigruten's fault, without liability for loss or damage of any kind whatsoever. If a deviation to a cruise is minor, of a kind that the customer should have anticipated occasionally occurring, or the occurrence of which is beyond Hurtigruten's reasonable control,

then Hurtigruten shall have no obligation to pay a refund to the customer. If a deviation is not minor, or Hurtigruten cancels a cruise, Hurtigruten shall provide a refund commensurate with the portion of the trip that did not take place.

12. CUSTOMER'S AGREEMENT TO ABIDE BY HURTIGRUTEN REGULATIONS AND CAPTAIN'S ORDERS

You agree to abide by Hurtigruten's rules and the ship captain's orders at all times while aboard Hurtigruten's vessels. Hurtigruten reserves the right, without liability of any kind, to refuse passage to, disembark, or confine to a stateroom, any customer who may be suffering from any contagious or infectious disease, refuses to obey this contract or the Captain's orders, endangers the safety of himself or herself, other customers, or crew, or whose presence, in Hurtigruten's sole discretion, may be detrimental to the comfort, enjoyment, or safety of other customers, the vessel, or the crew.

Each customer may bring aboard the ship a reasonable amount of clothing and personal effects without charge, subject to airline restrictions. However, you must not bring or cause to be brought aboard any Hurtigruten vessel any of the following items: illegal or controlled substances, fireworks, live animals (except service or guide animals), weapons, firearms, explosives or other hazardous materials, or any other items prohibited by applicable law. You shall not solicit anyone on board for any commercial, professional, or charitable purposes. Hurtigruten reserves the right to disembark or refuse to embark anyone failing to comply with this provision. In such cases, Hurtigruten shall have no liability whatsoever to the customer for any refund or any other related loss or expense to the customer and any accompanying customers. In any port or any place, we reserve the right to refuse to take on board and the right to disembark customers who, according to the ship's authorized personnel, may be refused permission to land on new ports of call by local authorities or that may be suffering from a contagious or infectious disease, or whose presence could be detrimental to customers or the crew's welfare. In cases where the ship or individual customers are in quarantine (customers may have to remain in the berth or are instructed by authorized personnel on board if he/she or any other person in the berth shows symptoms of illness or can be regarded as a danger to other customers), we do not have liability for any costs that result, and in such

cases there will be no rights to refunds or compensation.

13. COMPLAINTS

Should you believe that you have grounds to complain about an arrangement, the conditions must be pointed out underway to the applicable travel guide, crew, and/or representatives of hotels/car hire companies, airlines, etc., who will seek to correct any errors. You are also obliged to minimize your own losses as far as possible. If the incident is not addressed satisfactorily on-site, you may send in a written complaint. Any written complaints must be submitted to the travel agency where the booking was made or directly to Hurtigruten. The complaint must contain the reservation number and a description of the incident as well as any claims made. Hurtigruten makes no guarantee of any redress or particular response to any complaints.

14. LIMITATION OF LIABILITY

Hurtigruten's liability is limited to you under this contract. Hurtigruten is not liable to you for any loss, injury, death, property damage, delay, or harm of any kind caused by or arising from events outside of Hurtigruten's reasonable control, including but not limited to acts of God, war, piracy, terrorism, civil strife, labor conflicts, weather conditions, perils of the sea, mechanical breakdown, or collisions. Hurtigruten shall not be liable or responsible to the customer in any way for any injury, death, illness, delay, loss, or damage not shown to be caused by Hurtigruten's negligence or fault. Hurtigruten is also not liable for damages for emotional distress, mental suffering, or psychological injury of any kind that does not result from a physical injury to the customer, actual risk of physical injury to the customer, or intentionally inflicted by Hurtigruten.

FOR ALL CRUISES THAT DO NOT EMBARK, DISEMBARK OR CALL IN A UNITED STATES PORT, HURTIGRUTEN SHALL AT ALL TIMES BE ENTITLED TO ANY AND ALL LIMITATIONS OF LIABILITY, IMMUNITIES, AND RIGHTS SPECIFIED UNDER THE 'CONVENTION RELATING TO THE CARRIAGE OF PASSENGERS AND THEIR LUGGAGE AT SEA' OF 1974 (AS AMENDED BY THE 1976 'PROTOCOL TO THE ATHENS CONVENTION RELATING TO THE CARRIAGE OF PASSENGERS AND THEIR LUGGAGE BY SEA') (HEREINAFTER

'ATHENS CONVENTION').

In the case of personal injury or death, Hurtigruten's liability shall not exceed 400,000 Special Drawing Rights ('SDR') per customer per occasion (approximately USD \$ 577,440 as of March 1, 2018, which amount fluctuates daily depending on the exchange rate as printed in the Wall Street Journal). If the personal injury or death was caused by a shipping incident (defined as shipwreck, capsizing, collision or stranding, explosion, fire, or defect in the ship), Hurtigruten's liability is limited to 250,000 SDR (approximately USD \$ 360,900 as of March 1, 2018, which amount fluctuates daily depending on the exchange rate as printed in the Wall Street Journal), but can increase to 400,000 SDR unless Hurtigruten proves that the shipping incident occurred without Hurtigruten's fault or neglect. Shipping incidents do not include incidents that result from acts of war, hostilities, civil war, insurrection or natural disasters, or that result from intentional acts or omissions of third parties.

Hurtigruten shall not be liable for money, securities, and other valuables such as gold, silver, jewels, watches, ornaments, financial instruments, and works of art unless Hurtigruten has received them for safekeeping. Hurtigruten's liability for loss of or damage to luggage (defined as any article or vehicle carried by Hurtigruten under a contract of carriage, excluding articles and vehicles carried under a charterparty, bill of lading, or contract primarily concerned with the carriage of goods, and live animals), including any items received for safekeeping, shall not exceed 3,375 SDR (approximately USD \$ 4,875 as of March 1, 2018, which amount fluctuates daily depending on the exchange rate as printed in the Wall Street Journal).

Hurtigruten's liability for loss of or damage to cabin luggage (defined as luggage which the customer has in his or her cabin or is otherwise in the customer's possession, custody, or control), shall not exceed 2,250 SDR (approximately USD \$ 3,250 as of March 1, 2018, which amount fluctuates daily depending on the exchange rate as printed in the Wall Street Journal). Hurtigruten's liability for loss of or damage to vehicles, including all luggage carried in or on the vehicle, shall not exceed 12,700 SDR (approximately USD \$ 18,335 as of March 1, 2018, which amount fluctuates daily depending on the exchange rate as printed in the Wall Street Journal).

IN ALL CASES, LOSSES SHALL NOT INCLUDE PUNITIVE OR EXEMPLARY DAMAGES.

15. NOTICE OF CLAIMS AND TIME TO SUE

Hurtigruten shall not be liable for any claims for personal injury, death, loss or damage to luggage or personal property, unless suit on such claims is commenced within two years from the date of disembarkation or, in the case of death occurring during the cruise, from the date when the passenger should have disembarked. For all other claims, Hurtigruten shall not be liable unless suit is commenced within one year from the date of disembarkation.

16. ACKNOWLEDGEMENT OF RISKS

There are certain unavoidable risks to the customer and the customer's property associated with being aboard a vessel and participating in shore excursions. These include, but are not limited to, rough and unpredictable weather and seas; collisions of ships or other vehicles; illnesses caused by consumption of food and beverages; slip and fall due to the motion of the sea or other causes; lack of access to medical services; civil unrest or terrorism; evacuation of the vessel in an emergency; unpredictable behavior of animals in the wild; and breakdown of equipment. The customer warrants that the customer and any passengers for whom the customer is responsible are fit to travel, and warrants that the customer will only engage in those activities that are within the customer's physical ability and experience. The customer agrees to assume all the risks associated with sea travel and shore excursions.

17. NO LIABILITY FOR INDEPENDENT CONTRACTORS

You may be afforded the opportunity to contract with third parties acting as independent parties for the provision of shipboard personal services and shore excursions. You acknowledge that all shore excursions, tours, airline flights, ground transportation, and hotels are either operated by or are independent contractors. While Hurtigruten shall be entitled to collect a fee for such services, Hurtigruten does not supervise or control the actions of these independent contractors, or make any representation either express or implied as to their suitability or competence.

Hurtigruten, in arranging such services, does so only as a convenience for the customer and the customer is free to use or not use those services. Hurtigruten does not assume any responsibility for or guarantee performance

of any such independent contractors. Hurtigruten shall not be liable for any negligent, grossly negligent, or intentional acts or omissions of such independent contractors, nor for any loss, damage, injury, or delay to the customer or the customer's property in connection with such services.

The fees and costs for shore excursions, tours, airline flights, ground transportation, hotels, or any other services provided by independent contractors which the customer orders but does not use are neither refundable by Hurtigruten nor exchangeable.

18. INDEMNITY FROM DAMAGE

You and your traveling companions must behave in a manner that is not a nuisance to other passengers and that will not cause safety or practical problems for the cruise or any independent contractors. The customer shall be liable to and shall reimburse Hurtigruten for all damages or loss to Hurtigruten's property, including the vessel and its furnishings and equipment, and for all damages or loss to independent contractors and other Hurtigruten passengers, caused directly or indirectly, in whole or in part, by any act or omission of the customer and those for whom the customer is responsible, whether willful or negligent. The customer shall further indemnify Hurtigruten and all of its agents or representatives against all liability whatsoever arising from any personal injury, death, damage, delay, or loss caused directly or indirectly, in whole or in part, by any act or omission of the customer and those for whom the customer is responsible, whether willful or negligent.

19. MEDICAL CARE AND NOTICE OF SPECIAL CONDITIONS

Prior to boarding, you must notify us of any medical condition for which you or any person accompanying you may require either medical attention or accommodation during the cruise, including but not limited to food allergies, or for which the use of a wheelchair or service animal is required. The customer assumes all risks arising out of the customer's personal medical condition prior to the cruise, whether or not that condition is disclosed to Hurtigruten. If you or anyone in your party requires the use of a wheelchair, you must provide your own. Hurtigruten strongly recommends that customers with physical disabilities or medical conditions that may require special assistance before, during, or after the cruise be accompanied by someone who is able to assist both ashore and at sea, as Hurtigruten is unable to offer such services. Medical facilities

are not available aboard the ship, and there may be circumstances beyond Hurtigruten's control that may prevent or delay a medical evacuation or disembarkation. While a doctor or medical personnel may be on board the ship, these individuals are not agents or employees of Hurtigruten, but are independent contractors. Hurtigruten shall not be liable for any aspect of medical treatment provided to the customer, including, but not limited to, the consequences of any examination, advice, diagnosis, treatment, prognosis or other services that such doctor or medical personnel may furnish the customer. It may be necessary for the customer to obtain shoreside medical service during or after the cruise in countries other than the United States in which a different standard of medical care applies than to which the customer may be accustomed. Hurtigruten makes no warranty as to the quality of any such medical services. If a doctor or other medical personnel is aboard as an independent contractor of Hurtigruten, and if in the opinion of such personnel the customer needs medical attention, and if after embarkation the customer is unable to request or authorize such treatment, the customer hereby consents to treatment by such individuals, or by a physician designated by Hurtigruten. The customer shall be charged for, and shall pay for, medical services and for medication and supplies used for his or her medical treatment. The customer shall also be responsible for the payment of any medical expenses incurred ashore.

Moreover, certain international or local safety requirements, standards and/or applicable regulations relating to design, construction or operation of the vessel, docks, gangways, anchorages or other facilities on or off the vessel may restrict access to facilities or activities for persons with mobility, communication or other impairments or special needs. The captain shall have sole discretion to determine whether physical conditions may prevent a customer from going ashore in such situations.

20. TRAVEL DOCUMENTS

Your specific passport and visa requirements as well as any other immigration requirements are your own responsibility and you must clarify this with the relevant embassies and/or consulates. We do not accept any responsibility in situations where you cannot travel because you do not meet the latest requirements. If you have made independent travel arrangements, you are responsible for boarding the ship in good time, regardless of any changes to the

sailing times and dates or travel routes. We cannot refund monies paid to us, or a third party that acts on our or your behalf, or give compensation or make any payments when you, regardless of the reason, do not board the ship. Customers that disembark are responsible for boarding the ship again before departure from the port.

21. VALIDITY OF BROCHURE

Hurtigruten's travel brochure and the information contained in it, including prices and itineraries, is subject to change without notice at the discretion of Hurtigruten. Hurtigruten is not liable or responsible for any typographical errors and/or omissions. We reserve the right to at any time change the travel information and correct any mistakes in Hurtigruten's brochure. Should changes be made to the brochure before you have made your booking, we will attempt to advise you thereof before confirmation of bookings.

22. PROTECTION OF PRIVACY

To process your reservation, Hurtigruten needs some basic information. This includes names, address, any special requirements/dietary requirements, etc. We take all precautions to ensure that the information will not be misused. Nevertheless, we must pass on the necessary information to certain independent contractors that are involved in your travel plans. This applies, for example, to airlines, ships, hotels, and transport companies. The information may also be given to credit companies and government authorities such as customs/immigration, if required. We will never give out this type of information to private individuals or companies that are not directly responsible for part(s) of your trip. This applies particularly to sensitive information that you provide, such as details on any disabilities, special dietary requirements or religious needs. If you do not accept that we pass on such information if required to do so, we reserve the right to reject your booking. Please note that if you make a booking with an agent/travel agency, it is the agent's protection of privacy procedures that will apply. Hurtigruten shall not be responsible for any third party's protection of your privacy. Should you wish to have a copy of personal information that we have registered about you, you are welcome to contact us. Hurtigruten may also contact you by e-mail and/or telephone with news, information, travel offers and marketing surveys. If you do not wish to be contacted for such purposes, please advise us of this by e-mail to: USbooking@hurtigruten.com.

23. PHOTOGRAPHS AND VIDEOS OF CUSTOMER

During the course of your cruise, Hurtigruten may produce photographic, video, and/or audio-video recordings ('images'), which may be made available to passengers and may also be used by Hurtigruten in advertising and promoting its products. The customer consents to the making of images including the customer's appearance, words, and voice, while the customer is engaged in the cruise, and grants to Hurtigruten the irrevocable, perpetual, royalty-free right to use, reuse, publish, republish, and disseminate such images and any copies or derivative works from such images in any manner for promotional and other commercial purposes, in any medium and without restriction as to changes or alterations, or reproductions thereof in color or otherwise. The customer releases and assigns to Hurtigruten the right or interest the customer may have in images including the customer's appearance and/or voice recorded by Hurtigruten's employees, agents, or contractors, and waives any rights of any kind in or over such images including rights of compensation, publicity, privacy, copyright, review, inspection, or approval.

24. SEVERABILITY

In the event any paragraph, clause or provision of this contract is deemed invalid or illegal in any jurisdiction, such paragraph or provision shall be deemed reformed to the extent necessary to render it enforceable, so long as consistent with the basic purpose of the paragraph, clause, or provision. If the paragraph, clause, or provision is not reformable, it shall be deemed severed from this contract in that jurisdiction only and all remaining provisions shall remain in full force and effect.

25. CONSUMER PROTECTION UNITED STATES TOUR OPERATORS ASSOCIATION \$1 MILLION TRAVELERS ASSISTANCE PROGRAM

Hurtigruten, as an Active Member of USTOA, is required to post \$1 Million with USTOA to be used to reimburse, in accordance with the terms and conditions of the USTOA \$1 Million Travelers Assistance Program, the advance payments of Hurtigruten customers in the unlikely event of Hurtigruten's bankruptcy, insolvency or cessation of business. Further, you should understand that the \$1 Million posted by Hurtigruten may be sufficient to provide only a partial recovery of the advance payments received by Hurtigruten. More details of the USTOA Travelers Assistance Program may be obtained by writing

to USTOA at 345 Seventh Avenue, Suite 1801, New York, New York 10001, or by email to information@ustoa.com or by visiting their website at www.USTOA.com.
