Discussion at Lunch

Suzy Smith Davis and I are delegates for our chapter at the Caribbean Convention to take place November 1 on board Celebrity Equinox departing Fort Lauderdale October 29th. Please send suggestions for future conventions. We no longer have the restrictions of domestic and international hosts alternating destinations as conventions are planned by an international committee coming together from throughout the system. If you'd like to volunteer for a small role, let one of us know. Please send suggestions for desired locations keeping in mind 2022 is BOS/Quebec cruise, 2023 is Scottsdale, AZ land. Where in the world do you want to score in 2024? Europe, Australia, Hawaii, Africa? Or closer to home? Land or cruise?

1940 Air Terminal Museum

Our Local Charity was added to the ***National Register of Historic Places*** with a ceremony on September 18. Here is the plaque that marks that

designation. Right is the Pan Am Room at the museum with the poster portraying our livery of aircraft through the years. Our chapter donated the poster during the July meeting held at the museum.

Hopefully, they will change the uniform display to the Adolfo navy three-piece suit (1980-1991) now that the pill box hat has been freshly dyed and returned to the museum. The rare Pan Am painted Japanese parasol frames the upper edge of the photograph.
