Christy Nicole Turlington, also known as Turly, is an American Fashion Icon, having been the face for both Maybelline and Calvin Klein. She has also appeared on over 500 magazine covers and has walked the runway for the world's top fashion houses including Chanel and Valentino. At the age of 20, she struck a seven-figure deal to be the face of Calvin Klein. Three years later she became the face of Maybelline and only one year after that was she named, "The Face of the 20th Century." It's no wonder that her natural beauty has stuck around to the age of 51.
